Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (4) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in the health care authority. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed  
15 projects or investments impacting time capture, payroll and payment  
16 processes and systems, eligibility, case management, and  
17 authorization systems within the department of social and health  
18 services are subject to technical oversight by the office of the  
19 chief information officer.

20 (6)(a) The department shall facilitate enrollment under the  
21 medicaid expansion for clients applying for or receiving state funded  
22 services from the department and its contractors. Prior to open  
23 enrollment, the department shall coordinate with the health care  
24 authority to provide referrals to the Washington health benefit  
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and  
27 medical assistance programs, and to maximize the use of federal  
28 funding, the health care authority, the department of social and  
29 health services, and the health benefit exchange will coordinate  
30 efforts to expand HealthPlanfinder access to public assistance and  
31 medical eligibility staff. The department shall complete medicaid  
32 applications in the HealthPlanfinder for households receiving or  
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the  
35 department of social and health services, the department of health,  
36 and the department of children, youth, and families shall work  
37 together within existing resources to establish the health and human  
38 services enterprise coalition (the coalition). The coalition, led by  
39 the health care authority, must be a multi-organization collaborative  
40 that provides strategic direction and federal funding guidance for

projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 719 of this act.

14 (g) \$250,000 of the general fund—state appropriation for fiscal

25 must submit a report to the office of financial management and the  
26 appropriate committees of the legislature which describes the  
27 following: (A) The proposed data sources to be used in the predictive

30 predictive of risk of future criminal justice involvement; (C) an  
31 assessment of the accuracy, timeliness, and potential effectiveness  
32 of the tool; (D) identification of interventions and strategies that

2 provide similar levels of care, referral patterns, wait lists,  
3 lengths of stay, and other factors identified as appropriate for  
4 predicting the number of beds needed to meet the demand for civil and  
5 forensic state hospital services. Factors should include  
6 identification of need for the services and analysis of the effect of  
7 community investments in behavioral health services and other types  
8 of beds that may reduce the need for long-term civil commitment  
9 needs. The department must submit a report to the legislature by  
10 October 1, 2019, with an update of the model and the estimated civil  
11 and forensic state hospital bed need through the end of fiscal year  
12 2027. The department must continue to update the model on a calendar  
13 quarterly basis and provide updates to the office of financial

33 evaluation services for individuals who are in local jails pursuant  
34 to chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency  
35 treatment and evaluation services). This funding must be used solely  
36 to maintain increases in the number of competency evaluators that  
37 began in fiscal year 2016 and further increase the number of staff  
38 providing competency evaluation services. During the 2019-2021 fiscal

9 improve the timeliness of competency restoration services pursuant to  
10 chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency

14 eastern state hospital. Pursuant to chapter 7, Laws of 2015 1st sp.  
15 sess. (2E2SSB 5177) (timeliness of competency treatment and

19 biennium, the department must use a portion of these amounts to  
20 increase forensic bed capacity at the state hospitals pursuant to the  
21 settlement agreement under *Trueblood, et al. v. Department of Social*  
22 *and Health Services, et al.*, United States District Court for the  
23 Western District of Washington, Cause No. 14-cv-01178-MJP.

31 (i) The staffing tool must be designed and implemented to  
32 identify, on a daily basis, the clinical acuity on each patient ward

34 be deployed to meet the needs of the patients on each ward. The  
35 department must also continue to update, in collaboration with the  
36 office of financial management's labor relations office, the staffing  
37 committees, and state labor unions, an overall state hospital  
38 staffing plan that looks at all positions and functions of the

5 state hospitals, including overtime and use of locums, to the  
6 functional categories identified in the recommended staffing plan.  
7 The allotments and tracking of staffing and expenditures must include  
8 all areas of the state hospitals, must be done at the ward level, and

24 and accountability and inform and prioritize future budget requests  
25 for staffing at the state hospitals.

26 (iii) The department must submit calendar quarterly reports to  
27 the office of financial management and the appropriate committees of  
28 the legislature that include monitoring of monthly spending, staffing  
29 levels, overtime and use of locums compared to allotments and to the  
30 recommended state hospital staffing model. The format for these  
31 reports must be developed in consultation with staff from the office  
32 of financial management and the appropriate committees of the  
33 legislature. The reports must include an update from the hospital  
34 staffing committees.

35 (iv) Monthly staffing levels and related expenditures at the  
36 state hospitals must not exceed official allotments without prior  
37 written approval from the director of the office of financial  
38 management. In the event the director of the office of financial

10       The appropriations in this section are subject to the following  
11 conditions and limitations:

12       (1) The authority shall not accept or expend any federal funds  
13 received under a medicaid transformation waiver under healthier  
14 Washington except as described in subsections (2) and (3) of this  
15 section until specifically approved and appropriated by the  
16 legislature. To ensure compliance with legislative directive budget  
17 requirements and terms and conditions of the waiver, the authority  
18 shall implement the waiver and reporting requirements with oversight  
19 from the office of financial management. The legislature finds that  
20 appropriate management of the innovation waiver requires better  
21 analytic capability, transparency, consistency, timeliness, accuracy,  
22 and lack of redundancy with other established measures and that the  
23 patient must be considered first and foremost in the implementation  
24 and execution of the demonstration waiver. In order to effectuate  
25 these goals, the authority shall: (a) Require the Dr. Robert Bree  
26 collaborative and the health technology assessment program to reduce  
27 the administrative burden upon providers by only requiring  
28 performance measures that are nonduplicative of other nationally  
29 established measures. The joint select committee on health care  
30 oversight will evaluate the measures chosen by the collaborative and  
31 the health technology assessment program for effectiveness and  
32 appropriateness; (b) develop a patient satisfaction survey with the  
33 goal to gather information about whether it was beneficial for the  
34 patient to use the center of excellence location in exchange for  
35 additional out-of-pocket savings; (c) ensure patients and health care  
36 providers have significant input into the implementation of the  
37 demonstration waiver, in order to ensure improved patient health  
38 outcomes; and (d) in cooperation with the department of social and  
39 health services, consult with and provide notification of work on

1 applications for federal waivers, including details on waiver  
2 duration, financial implications, and potential future impacts on the  
3 state budget, to the joint select committee on health care oversight  
4 prior to submitting waivers for federal approval. By federal  
5 standard, the medicaid transformation demonstration waiver shall not  
6 exceed the duration originally granted by the centers for medicare  
7 and medicaid services and any programs created or funded by this  
8 waiver do not create an entitlement. Beginning May 15, 2019, and  
9 continuing through December 15, 2019, by the 15th of each month, the  
10 director in consultation with the secretary shall report to the  
11 fiscal chair of the appropriate committees of the legislature in the  
12 manner and form requested the status of the medicaid transformation  
13 waiver, including any anticipated or proposed changes to accruals or  
14 expenditures.

15 (2) No more than \$305,659,000 of the general fund—federal  
16 appropriation and no more than \$157,284,000 of the general fund—local  
17 appropriation may be expended for transformation through accountable  
18 communities of health described in initiative 1 of the medicaid  
19 transformation demonstration wavier under healthier Washington,  
20 including preventing youth drug use, opioid prevention and treatment,  
21 and physical and behavioral health integration. Under this  
22 initiative, the authority shall take into account local input  
23 regarding community needs. In order to ensure transparency to the  
24 appropriate fiscal committees of the legislature, the authority shall  
25 provide fiscal staff of the legislature query ability into any  
26 database of the fiscal intermediary that authority staff would be  
27 authorized to access. The authority shall not increase general fund—  
28 state expenditures under this initiative. The director shall also  
29 report to the fiscal committees of the legislature all of the  
30 expenditures under this subsection and shall provide such fiscal data  
31 in the time, manner, and form requested by the legislative fiscal  
32 committees. By December 15, 2019, the authority in collaboration with  
33 each accountable community of health shall demonstrate how it will be  
34 self-sustaining by the end of the demonstration waiver period,  
35 including sources of outside funding, and provide this reporting to  
36 the joint select committee on health care oversight. If by the third  
37 year of the demonstration waiver there are not measurable, improved  
38 patient outcomes and financial returns, the Washington state  
39 institute for public policy will conduct an audit of the accountable

1 communities of health, in addition to the process set in place  
2 through the independent evaluation required by the agreement with  
3 centers for medicare and medicaid services.

4 (3) No more than \$79,829,000 of the general fund—federal  
5 appropriation may be expended for supported housing and employment  
6 services described in initiative 3a and 3b of the medicaid  
7 transformation demonstration waiver under healthier Washington. Under  
8 this initiative, the authority and the department of social and  
9 health services shall ensure that allowable and necessary services  
10 are provided to eligible clients as identified by the department or  
11 its third party administrator. The authority and the department in  
12 consultation with the medicaid forecast work group, shall ensure that  
13 reasonable reimbursements are established for services deemed  
14 necessary within an identified limit per individual. The authority  
15 shall not increase general fund—state expenditures under this  
16 initiative. The director shall report to the joint select committee  
17 on health care oversight no less than quarterly on financial and  
18 health outcomes. The director shall also report to the fiscal  
19 committees of the legislature all of the expenditures of this  
20 subsection and shall provide such fiscal data in the time, manner,  
21 and form requested by the legislative fiscal committees.

22 (4) Annually, no later than November 1st, the authority shall  
23 report to the governor and appropriate committees of the legislature:  
24 (a) Savings attributed to behavioral and physical integration in  
25 areas that are scheduled to integrate in the following calendar year,  
26 and (b) savings attributed to behavioral and physical health  
27 integration and the level of savings achieved in areas that have  
28 integrated behavioral and physical health.

29 (5) Sufficient amounts are appropriated in this subsection to  
30 implement the medicaid expansion as defined in the social security  
31 act, section 1902(a)(10)(A)(i)(VIII).

32 (6) The legislature finds that medicaid payment rates, as  
33 calculated by the health care authority pursuant to the  
34 appropriations in this act, bear a reasonable relationship to the  
35 costs incurred by efficiently and economically operated facilities  
36 for providing quality services and will be sufficient to enlist  
37 enough providers so that care and services are available to the  
38 extent that such care and services are available to the general  
39 population in the geographic area. The legislature finds that the  
40 cost reports, payment data from the federal government, historical

1 utilization, economic data, and clinical input constitute reliable  
2 data upon which to determine the payment rates.

3 (7) Based on quarterly expenditure reports and caseload  
4 forecasts, if the health care authority estimates that expenditures  
5 for the medical assistance program will exceed the appropriations,  
6 the health care authority shall take steps including but not limited  
7 to reduction of rates or elimination of optional services to reduce  
8 expenditures so that total program costs do not exceed the annual  
9 appropriation authority.

10 (8) In determining financial eligibility for medicaid-funded  
11 services, the health care authority is authorized to disregard  
12 recoveries by Holocaust survivors of insurance proceeds or other  
13 assets, as defined in RCW 48.104.030.

14 (9) The legislature affirms that it is in the state's interest  
15 for Harborview medical center to remain an economically viable  
16 component of the state's health care system.

17 (10) When a person is ineligible for medicaid solely by reason of  
18 residence in an institution for mental diseases, the health care  
19 authority shall provide the person with the same benefits as he or  
20 she would receive if eligible for medicaid, using state-only funds to  
21 the extent necessary.

22 (11) \$4,261,000 of the general fund—state appropriation for  
23 fiscal year 2020, \$4,261,000 of the general fund—state appropriation  
24 for fiscal year 2021, and \$8,522,000 of the general fund—federal  
25 appropriation are provided solely for low-income disproportionate  
26 share hospital payments.

27 (12) Within the amounts appropriated in this section, the health  
28 care authority shall provide disproportionate share hospital payments  
29 to hospitals that provide services to children in the children's  
30 health program who are not eligible for services under Title XIX or  
31 XXI of the federal social security act due to their citizenship  
32 status.

33 (13) \$6,000,000 of the general fund—federal appropriation is  
34 provided solely for supplemental payments to nursing homes operated  
35 by public hospital districts. The public hospital district shall be  
36 responsible for providing the required nonfederal match for the  
37 supplemental payment, and the payments shall not exceed the maximum  
38 allowable under federal rules. It is the legislature's intent that  
39 the payments shall be supplemental to and shall not in any way offset

1 or reduce the payments calculated and provided in accordance with  
2 part E of chapter 74.46 RCW. It is the legislature's further intent  
3 that costs otherwise allowable for rate-setting and settlement  
4 against payments under chapter 74.46 RCW shall not be disallowed  
5 solely because such costs have been paid by revenues retained by the  
6 nursing home from these supplemental payments. The supplemental  
7 payments are subject to retrospective interim and final cost  
8 settlements based on the nursing homes' as-filed and final medicare  
9 cost reports. The timing of the interim and final cost settlements  
10 shall be at the health care authority's discretion. During either the  
11 interim cost settlement or the final cost settlement, the health care  
12 authority shall recoup from the public hospital districts the  
13 supplemental payments that exceed the medicaid cost limit and/or the  
14 medicare upper payment limit. The health care authority shall apply  
15 federal rules for identifying the eligible incurred medicaid costs  
16 and the medicare upper payment limit.

17 (14) The health care authority shall continue the inpatient  
18 hospital certified public expenditures program for the 2019-2021  
19 fiscal biennium. The program shall apply to all public hospitals,  
20 including those owned or operated by the state, except those  
21 classified as critical access hospitals or state psychiatric  
22 institutions. The health care authority shall submit reports to the  
23 governor and legislature by November 1, 2020, and by November 1,  
24 2021, that evaluate whether savings continue to exceed costs for this  
25 program. If the certified public expenditures (CPE) program in its  
26 current form is no longer cost-effective to maintain, the health care  
27 authority shall submit a report to the governor and legislature  
28 detailing cost-effective alternative uses of local, state, and  
29 federal resources as a replacement for this program. During fiscal  
30 year 2020 and fiscal year 2021, hospitals in the program shall be  
31 paid and shall retain one hundred percent of the federal portion of  
32 the allowable hospital cost for each medicaid inpatient fee-for-  
33 service claim payable by medical assistance and one hundred percent  
34 of the federal portion of the maximum disproportionate share hospital  
35 payment allowable under federal regulations. Inpatient medicaid  
36 payments shall be established using an allowable methodology that  
37 approximates the cost of claims submitted by the hospitals. Payments  
38 made to each hospital in the program in each fiscal year of the  
39 biennium shall be compared to a baseline amount. The baseline amount  
40 will be determined by the total of (a) the inpatient claim payment

1 amounts that would have been paid during the fiscal year had the  
2 hospital not been in the CPE program based on the reimbursement rates  
3 developed, implemented, and consistent with policies approved in the  
4 2019-2021 biennial operating appropriations act and in effect on July  
5 1, 2015, (b) one-half of the indigent assistance disproportionate  
6 share hospital payment amounts paid to and retained by each hospital  
7 during fiscal year 2005, and (c) all of the other disproportionate  
8 share hospital payment amounts paid to and retained by each hospital  
9 during fiscal year 2005 to the extent the same disproportionate share  
10 hospital programs exist in the 2019-2021 fiscal biennium. If payments  
11 during the fiscal year exceed the hospital's baseline amount, no  
12 additional payments will be made to the hospital except the federal  
13 portion of allowable disproportionate share hospital payments for  
14 which the hospital can certify allowable match. If payments during  
15 the fiscal year are less than the baseline amount, the hospital will  
16 be paid a state grant equal to the difference between payments during  
17 the fiscal year and the applicable baseline amount. Payment of the  
18 state grant shall be made in the applicable fiscal year and  
19 distributed in monthly payments. The grants will be recalculated and  
20 redistributed as the baseline is updated during the fiscal year. The  
21 grant payments are subject to an interim settlement within eleven  
22 months after the end of the fiscal year. A final settlement shall be  
23 performed. To the extent that either settlement determines that a  
24 hospital has received funds in excess of what it would have received  
25 as described in this subsection, the hospital must repay the excess  
26 amounts to the state when requested. \$537,000 of the general fund—  
27 state appropriation for fiscal year 2020 and \$522,000 of the general  
28 fund—state appropriation for fiscal year 2021 are provided solely for  
29 state grants for the participating hospitals.

30 (15) The health care authority shall seek public-private  
31 partnerships and federal funds that are or may become available to  
32 provide on-going support for outreach and education efforts under the  
33 federal children's health insurance program reauthorization act of  
34 2009.

35 (16) The health care authority shall target funding for maternity  
36 support services towards pregnant women with factors that lead to  
37 higher rates of poor birth outcomes, including hypertension, a  
38 preterm or low birth weight birth in the most recent previous birth,  
39 a cognitive deficit or developmental disability, substance abuse,  
40 severe mental illness, unhealthy weight or failure to gain weight,

1 tobacco use, or African American or Native American race. The health  
2 care authority shall prioritize evidence-based practices for delivery  
3 of maternity support services. To the extent practicable, the health  
4 care authority shall develop a mechanism to increase federal funding  
5 for maternity support services by leveraging local public funding for  
6 those services.

7 (17) The authority shall submit reports to the governor and the  
8 legislature by September 15, 2020, and no later than September 15,  
9 2021, that delineate the number of individuals in medicaid managed  
10 care, by carrier, age, gender, and eligibility category, receiving  
11 preventative services and vaccinations. The reports should include  
12 baseline and benchmark information from the previous two fiscal years  
13 and should be inclusive of, but not limited to, services recommended  
14 under the United States preventative services task force, advisory  
15 committee on immunization practices, early and periodic screening,

39 (iii) Innovations that will promote quality, evidence-based  
40 practices leading to sustainability, and affordability in a universal

(iv) Options for ensuring a just transition to a universal health care system for all stakeholders including, but not limited to, consumers, businesses, health care providers and facilities, hospitals, health carriers, state agencies, and entities representing both management and labor for these stakeholders;

TOTAL APPROPRIATION. . . . .	\$35,274,000
------------------------------	--------------

1 The appropriation in this section is subject to the following  
2 conditions and limitations:

3 (1) Any savings resulting from reduced claims costs or other  
4 factors identified after March 1, 2019, must be reserved for funding  
5 employee benefits in the 2021-2023 fiscal biennium. The health care  
6 authority shall deposit any moneys received on behalf of the uniform  
7 medical plan resulting from rebates on prescription drugs, audits of  
8 hospitals, subrogation payments, or any other moneys received as a

10 employees' and retirees' insurance account to be used for insurance  
11 benefits.

12 (2) Any changes to benefits must be approved by the public  
13 employees' benefits board. The board shall not make any changes to  
14 benefits without considering a comprehensive analysis of the cost of  
15 those changes, and shall not increase benefits unless savings  
16 achieved under subsection (3) of this section or offsetting cost  
17 reductions from other benefit revisions are sufficient to fund the  
18 changes. However, the funding provided anticipates that the public  
19 employees' benefits board may increase the availability of  
20 nutritional counseling in the uniform medical plan by allowing a  
21 lifetime limit of up to twelve nutritional counseling visits. The  
22 board may also, within the amounts provided, use cost savings to  
23 enhance the basic long-term disability benefit.

24 (3) Except as may be provided in a health care bargaining  
25 agreement, to provide benefits within the level of funding provided  
26 in part IX of this bill, the public employees' benefits board shall  
27 require or make any or all of the following: Employee premium

30 benefits consistent with RCW 41.05.065.

31 (4) The board shall collect a surcharge payment of not less than  
32 twenty-five dollars per month from members who use tobacco products,  
33 and a surcharge payment of not less than fifty dollars per month from  
34 members who cover a spouse or domestic partner where the spouse or  
35 domestic partner has chosen not to enroll in another employer-based  
36 group health insurance that has benefits and premiums with an  
37 actuarial value of not less than ninety-five percent of the actuarial  
38 value of the public employees' benefits board plan with the largest

consolidating the systems. The consolidation options studied must maintain separate risk pools for medicare-eligible and non-medicare eligible employees and retirees, assume a consolidation date of January 1, 2022, and incorporate the experiences gained by health care authority during the initial implementation and operation of the school employees' benefits board program. The study must be submitted to the committees of the house of representatives and the senate overseeing health care and the omnibus operating budget by November 15, 2020.

Pension Funding Stabilization Account—State  
Appropriation. . . . . \$1,714,000  
TOTAL APPROPRIATION. . . . . \$3,236,834,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$15,605,000 of the general fund—state appropriation for fiscal year 2020, \$15,754,000 of the general fund—state appropriation for fiscal year 2021, and \$4,789,000 of the general fund—federal appropriation are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing

1 provisions related to competency evaluations, competency restoration,  
2 crisis diversion and supports, education and training, and workforce  
3 development.

4 (4) \$8,777,000 of the general fund—state appropriation for fiscal  
5 year 2020, \$10,424,000 of the general fund—state appropriation for  
6 fiscal year 2021, and \$20,197,000 of the general fund—federal  
7 appropriation are provided solely for the authority and behavioral  
8 health entities to continue to contract for implementation of high-  
9 intensity programs for assertive community treatment (PACT) teams. In  
10 determining the proportion of medicaid and nonmedicaid funding  
11 provided to behavioral health entities with PACT teams, the authority  
12 shall consider the differences between behavioral health entities in  
13 the percentages of services and other costs associated with the teams  
14 that are not reimbursable under medicaid. The authority may allow  
15 behavioral health entities which have nonmedicaid reimbursable costs  
16 that are higher than the nonmedicaid allocation they receive under  
17 this section to supplement these funds with local dollars or funds  
18 received under subsection (7) of this section. The authority and  
19 behavioral health entities shall maintain consistency with all  
20 essential elements of the PACT evidence-based practice model in  
21 programs funded under this section.

22 (5) From the general fund—state appropriations in this section,  
23 the authority shall assure that behavioral health entities reimburse  
24 the department of social and health services aging and long term  
25 support administration for the general fund—state cost of medicaid  
26 personal care services that enrolled behavioral health entity  
27 consumers use because of their psychiatric disability.

28 (6) \$3,520,000 of the general fund—federal appropriation is  
29 provided solely for the authority to maintain a pilot project to  
30 incorporate peer bridging staff into behavioral health regional teams  
31 that provide transitional services to individuals returning to their  
32 communities.

33 (7) \$81,930,000 of the general fund—state appropriation for  
34 fiscal year 2020 and \$81,930,000 of the general fund—state  
35 appropriation for fiscal year 2021 are provided solely for persons  
36 and services not covered by the medicaid program. To the extent  
37 possible, levels of behavioral health entity spending must be  
38 maintained in the following priority order: Crisis and commitment  
39 services; community inpatient services; and residential care

1 services, including personal care and emergency housing assistance.  
2 These amounts must be distributed to behavioral health entities  
3 proportionate to the fiscal year 2019 allocation of flexible  
4 nonmedicaid funds. The authority must include the following language  
5 in medicaid contracts with behavioral health entities unless they are  
6 provided formal notification from the center for medicaid and  
7 medicare services that the language will result in the loss of  
8 federal medicaid participation: "The contractor may voluntarily  
9 provide services that are in addition to those covered under the  
10 state plan, although the cost of these services cannot be included  
11 when determining payment rates unless including these costs are  
12 specifically allowed under federal law or an approved waiver."

13 (8) The authority is authorized to continue to contract directly,  
14 rather than through contracts with behavioral health entities for  
15 children's long-term inpatient facility services.

16 (9) \$1,204,000 of the general fund—state appropriation for fiscal  
17 year 2020 and \$1,204,000 of the general fund—state appropriation for  
18 fiscal year 2021 are provided solely to reimburse Pierce and Spokane  
19 counties for the cost of conducting one hundred eighty-day commitment  
20 hearings at the state psychiatric hospitals.

21 (10) Behavioral health entities may use local funds to earn  
22 additional federal medicaid match, provided the locally matched rate  
23 does not exceed the upper-bound of their federally allowable rate  
24 range, and provided that the enhanced funding is used only to provide  
25 medicaid state plan or waiver services to medicaid clients.  
26 Additionally, behavioral health entities may use a portion of the  
27 state funds allocated in accordance with subsection (7) of this  
28 section to earn additional medicaid match, but only to the extent  
29 that the application of such funds to medicaid services does not  
30 diminish the level of crisis and commitment, community inpatient,  
31 residential care, and outpatient services presently available to  
32 persons not eligible for medicaid.

33 (11) \$2,291,000 of the general fund—state appropriation for  
34 fiscal year 2020 and \$2,291,000 of the general fund—state  
35 appropriation for fiscal year 2021 are provided solely for mental  
36 health services for mentally ill offenders while confined in a county  
37 or city jail and for facilitating access to programs that offer  
38 mental health services upon release from confinement. The authority  
39 must collect information from the behavioral health entities on their

1 plan for using these funds, the numbers of individuals served, and  
2 the types of services provided and submit a report to the office of  
3 financial management and the appropriate fiscal committees of the  
4 legislature by December 1st of each year of the biennium.

5 (12) Within the amounts appropriated in this section, funding is  
6 provided for the authority to develop and phase in intensive mental  
7 health services for high needs youth consistent with the settlement  
8 agreement in *T.R. v. Dreyfus and Porter*.

9 (13) The authority must establish minimum and maximum funding  
10 levels for all reserves allowed under behavioral health organization  
11 and administrative services organization contracts and include  
12 contract language that clearly states the requirements and  
13 limitations. The authority must monitor and ensure that behavioral  
14 health organization and administrative services organization reserves  
15 do not exceed maximum levels. The authority must monitor revenue and  
16 expenditure reports and must require a behavioral health organization  
17 or administrative services organization to submit a corrective action  
18 plan on how it will spend its excess reserves within a reasonable  
19 period of time, when its reported reserves exceed maximum levels  
20 established under the contract. The authority must review and approve  
21 such plans and monitor to ensure compliance. If the authority  
22 determines that a behavioral health organization or administrative  
23 services organization has failed to provide an adequate excess  
24 reserve corrective action plan or is not complying with an approved  
25 plan, the authority must reduce payments to the entity in accordance  
26 with remedial actions provisions included in the contract. These  
27 reductions in payments must continue until the authority determines  
28 that the entity has come into substantial compliance with an approved  
29 excess reserve corrective action plan.

30 (14) During the 2019-2021 fiscal biennium, any amounts provided  
31 in this section that are used for case management services for  
32 pregnant and parenting women must be contracted directly between the  
33 authority and providers rather than through contracts with behavioral  
34 health organizations.

35 (15) Within the amounts appropriated in this section, the  
36 authority may contract with the University of Washington and  
37 community-based providers for the provision of the parent-child  
38 assistance program or other specialized chemical dependency case  
39 management providers for pregnant, post-partum, and parenting women.  
40 For all contractors: (a) Service and other outcome data must be

1 provided to the authority by request; and (b) indirect charges for  
2 administering the program must not exceed ten percent of the total  
3 contract amount.

4 (16) \$3,500,000 of the general fund—federal appropriation (from  
5 the substance abuse prevention and treatment federal block grant) is  
6 provided solely for the continued funding of existing county drug and  
7 alcohol use prevention programs.

8 (17) Within the amounts provided in this section, behavioral  
9 health entities must provide outpatient chemical dependency treatment  
10 for offenders enrolled in the medicaid program who are supervised by  
11 the department of corrections pursuant to a term of community  
12 supervision. Contracts with behavioral health entities must require  
13 that behavioral health entities include in their provider network  
14 specialized expertise in the provision of manualized, evidence-based  
15 chemical dependency treatment services for offenders. The department  
16 of corrections and the authority must develop a memorandum of  
17 understanding for department of corrections offenders on active  
18 supervision who are medicaid eligible and meet medical necessity for  
19 outpatient substance use disorder treatment. The agreement will  
20 ensure that treatment services provided are coordinated, do not  
21 result in duplication of services, and maintain access and quality of  
22 care for the individuals being served. The authority must provide all  
23 necessary data, access, and reports to the department of corrections  
24 for all department of corrections offenders that receive medicaid  
25 paid services.

26 (18) The criminal justice treatment account—state appropriation  
27 is provided solely for treatment and treatment support services for  
28 offenders with a substance use disorder pursuant to RCW 71.24.580.  
29 The authority must offer counties the option to administer their  
30 share of the distributions provided for under RCW 71.24.580(5)(a). If  
31 a county is not interested in administering the funds, the authority  
32 shall contract with behavioral health entities to administer these  
33 funds consistent with the plans approved by local panels pursuant to  
34 RCW 71.24.580(5)(b). The authority must provide a report to the  
35 office of financial management and the appropriate committees of the  
36 legislature which identifies the distribution of criminal justice  
37 treatment account funds by September 30, 2019.

38 (19) No more than \$27,844,000 of the general fund—federal  
39 appropriation may be expended for supported housing and employment

1 services described in initiative 3a and 3b of the medicaid  
2 transformation demonstration waiver under healthier Washington. Under  
3 this initiative, the authority and the department of social and  
4 health services shall ensure that allowable and necessary services  
5 are provided to eligible clients as identified by the authority or  
6 its providers or third party administrator. The department and the  
7 authority in consultation with the medicaid forecast work group,  
8 shall ensure that reasonable reimbursements are established for  
9 services deemed necessary within an identified limit per individual.  
10 The authority shall not increase general fund—state expenditures  
11 under this initiative. The secretary in collaboration with the  
12 director of the authority shall report to the joint select committee  
13 on health care oversight no less than quarterly on financial and  
14 health outcomes. The secretary in cooperation with the director shall  
15 also report to the fiscal committees of the legislature all of the  
16 expenditures of this subsection and shall provide such fiscal data in  
17 the time, manner, and form requested by the legislative fiscal  
18 committees.

19 (20) \$6,858,000 of the general fund—state appropriation for  
20 fiscal year 2020, \$6,858,000 of the general fund—state appropriation  
21 for fiscal year 2021, and \$8,046,000 of the general fund—federal  
22 appropriation are provided solely to maintain new crisis triage or  
23 stabilization centers. Services in these facilities may include  
24 crisis stabilization and intervention, individual counseling, peer  
25 support, medication management, education, and referral assistance.  
26 The authority shall monitor each center's effectiveness at lowering  
27 the rate of state psychiatric hospital admissions.

28 (21) \$1,125,000 of the general fund—federal appropriation is  
29 provided solely for the authority to develop a memorandum of  
30 understanding with the department of health for implementation of  
31 chapter 297, Laws of 2017 (opioid treatment programs). The authority  
32 must use these amounts to reimburse the department of health for  
33 costs incurred through the implementation of the bill.

34 (22) \$6,655,000 of the general fund—state appropriation for  
35 fiscal year 2020, \$10,015,000 of the general fund—state appropriation  
36 for fiscal year 2021, and \$12,965,000 of the general fund—federal  
37 appropriation are provided solely for the operation of secure  
38 withdrawal management and stabilization facilities. The authority may  
39 not use any of these amounts for services in facilities that are

1 subject to federal funding restrictions that apply to institutions  
2 for mental diseases, unless they have received a waiver that allows  
3 for full federal participation in these facilities. Within these  
4 amounts, funding is provided to increase the fee for service rate for  
5 these facilities up to \$650 per day. The authority must require in  
6 contracts with behavioral health entities that, beginning in calendar  
7 year 2020, they pay no lower than the fee for service rate. The  
8 authority must coordinate with regional behavioral health entities to  
9 identify and implement purchasing strategies or regulatory changes  
10 that increase access to services for individuals with complex  
11 behavioral health needs at secure withdrawal management and  
12 stabilization facilities.

13 (23) \$23,090,000 of the general fund—state appropriation for  
14 fiscal year 2020, \$23,090,000 of the general fund—state appropriation  
15 for fiscal year 2021, and \$92,444,000 of the general fund—federal  
16 appropriation are provided solely to maintain the enhancement of  
17 community-based behavioral health services that was funded in fiscal  
18 year 2019. Twenty percent of the general fund—state appropriation  
19 amounts for each regional service area must be used to increase their  
20 nonmedicaid funding and the remainder must be used to increase  
21 medicaid rates above FY 2018 levels. Effective January 2020, the  
22 medicaid funding is intended to increase rates for behavioral health  
23 services provided by licensed and certified community behavioral  
24 health agencies as defined by the department of health. This funding  
25 must be allocated to the managed care organizations proportionate to  
26 their medicaid enrollees. The authority must require the managed care  
27 organizations to provide a report on their implementation of this  
28 funding. The authority must submit a report to the legislature by  
29 December 1, 2020, summarizing how this funding was used and provide  
30 information for future options of increasing behavioral health  
31 provider rates through directed payments. The report must identify  
32 different mechanisms for implementing directed payment for behavioral  
33 health providers including but not limited to minimum fee schedules,  
34 across the board percentage increases, and value-based payments. The  
35 report must provide a description of each of the mechanisms  
36 considered, the timeline that would be required for implementing the  
37 mechanism, and whether and how the mechanism is expected to have a  
38 differential impact on different providers. The report must also

1 summarize the information provided by managed care organizations in  
2 implementing the funding provided under this section.

3 (24) \$27,917,000 of the general fund—state appropriation for  
4 fiscal year 2020, \$36,095,000 of the general fund—state appropriation  
5 for fiscal year 2021, and \$60,644,000 of the general fund—federal  
6 appropriation are provided solely for the department to contract with  
7 community hospitals or freestanding evaluation and treatment centers  
8 to provide long-term inpatient care beds as defined in RCW 71.24.025.  
9 Within these amounts, the authority must meet the requirements for  
10 reimbursing counties for the judicial services for patients being  
11 served in these settings in accordance with RCW 71.05.730. The  
12 authority must coordinate with the department of social and health  
13 services in developing the contract requirements, selecting  
14 contractors, and establishing processes for identifying patients that  
15 will be admitted to these facilities. Sufficient amounts are provided  
16 in fiscal year 2020 for the authority to reimburse community  
17 hospitals serving medicaid clients in long-term inpatient care beds  
18 as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the  
19 hospital's current psychiatric inpatient per diem rate, whichever is  
20 higher. The rate paid to hospitals in this subsection cannot exceed  
21 one-hundred percent of the hospitals eligible costs based on their  
22 most recently completed medicare cost report. The authority in  
23 collaboration with the Washington state hospital association must  
24 convene a work group to develop a methodology for reimbursing  
25 community hospitals serving these clients. In developing this  
26 methodology, the authority must account for cost structure  
27 differences between teaching hospitals and other hospital types. The  
28 authority must provide a report to the appropriate committees of the  
29 legislature by December 1, 2019. The report must:

30 (a) Describe the methodology developed by the work group;

31 (b) Identify cost differences between teaching hospitals and  
32 other hospital types;

33 (c) Provide options for incentivizing community hospitals to  
34 offer long-term inpatient care beds day beds including a rate  
35 recommendation;

36 (d) Identify the cost associated with any recommended changes in  
37 rates or rate setting methodology; and

38 (e) Outline an implementation plan.

1 (25) \$1,455,000 of the general fund—state appropriation for  
2 fiscal year 2020, \$1,401,000 of the general fund—state appropriation  
3 for fiscal year 2021, and \$3,210,000 of the general fund—federal  
4 appropriation are provided solely for the implementation of intensive

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the agency's data warehouse. Uniform reporting procedures shall be established by the office of financial management's office of the state human resources director for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. 5 representatives who represent employees of institutions of higher  
6 education, except when the institution of higher education has  
7 elected to exercise its option under subsection (4) of this section  
8 to have its negotiations conducted by the governor or governor's  
9 designee under the procedures provided for general government  
10 agencies in subsections (1) through (3) of this section.

11 (c) If five hundred or more employees of an independent state

29 The legislature shall approve or reject the submission of the

34 43.88.060. If the legislature rejects or fails to act on the  
35 submission, either party may reopen all or part of the agreement or  
36 the exclusive bargaining representative may seek to implement the  
37 procedures provided for in RCW 41.80.090.

38 (4) (a) (i) For the purpose of negotiating agreements for

4 have its negotiations conducted by the governor or governor's  
5 designee under the procedures provided for general government  
6 agencies in subsections (1) through (3) of this section, except that:

7 (A) The governor or the governor's designee and an exclusive  
8 bargaining representative shall negotiate one master collective  
9 bargaining agreement for all of the bargaining units of employees of  
10 a university or college that the representative represents; or

11 (B) If the parties mutually agree, the governor or the governor's

14 units of employees of more than one university or college that the  
15 representative represents.

16 (iii) A governing board of a community college may elect to have  
17 its negotiations conducted by the governor or governor's designee  
18 under the procedures provided for general government agencies in

24 impending negotiations.

25 (c)(i) In the case of bargaining agreements reached between  
26 institutions of higher education other than the University of  
27 Washington and exclusive bargaining representatives agreed to under  
28 the provisions of this chapter, if appropriations are necessary to  
29 implement the compensation and fringe benefit provisions of the  
30 bargaining agreements, the governor shall submit a request for such  
31 funds to the legislature according to the provisions of subsection  
32 (3) of this section, except as provided in (c)(iii) of this

37 necessary to implement the compensation and fringe benefit provisions  
38 of a bargaining agreement, the governor shall submit a request for  
39 such funds to the legislature according to the provisions of

subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by

1 proclamation of the governor or by resolution of the legislature,  
2 both parties shall immediately enter into collective bargaining for a  
3 mutually agreed upon modification of the agreement.

4 (6) After the expiration date of a collective bargaining  
5 agreement negotiated under this chapter, all of the terms and  
6 conditions specified in the collective bargaining agreement remain in  
7 effect until the effective date of a subsequently negotiated  
8 agreement, not to exceed one year from the expiration date stated in

Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. ~~((It is the intent of the legislature to continue in the 2019-2021 biennium the policy of transferring to the state general fund such amounts as reflect the excess fund balance of the account.))~~ During the 2019-2021 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the home security fund account created in RCW 43.185C.060. It is the intent of the legislature to continue the policy of transferring moneys from the criminal justice treatment account to the home security fund account in subsequent biennia. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

1 (a) "Treatment" means services that are critical to a  
2 participant's successful completion of his or her substance use  
3 disorder treatment program, including but not limited to the recovery  
4 support and other programmatic elements outlined in RCW 2.30.030  
5 authorizing therapeutic courts; and

6 (b) "Treatment support" includes transportation to or from  
7 inpatient or outpatient treatment services when no viable alternative  
8 exists, and child care services that are necessary to ensure a  
9 participant's ability to attend outpatient treatment sessions.

10 (3) Revenues to the criminal justice treatment account consist  
11 of: (a) Funds transferred to the account pursuant to this section;  
12 and (b) any other revenues appropriated to or deposited in the  
13 account.

14 (4)(a) For the fiscal year beginning July 1, 2005, and each  
15 subsequent fiscal year, the state treasurer shall transfer eight  
16 million two hundred fifty thousand dollars from the general fund to  
17 the criminal justice treatment account, divided into four equal  
18 quarterly payments. For the fiscal year beginning July 1, 2006, and  
19 each subsequent fiscal year, the amount transferred shall be  
20 increased on an annual basis by the implicit price deflator as  
21 published by the federal bureau of labor statistics.

22 (b) In each odd-numbered year, the legislature shall appropriate  
23 the amount transferred to the criminal justice treatment account in  
24 (a) of this subsection to the department for the purposes of  
25 subsection (5) of this section.

26 (5) Moneys appropriated to the authority from the criminal  
27 justice treatment account shall be distributed as specified in this  
28 subsection. The authority may retain up to three percent of the  
29 amount appropriated under subsection (4)(b) of this section for its  
30 administrative costs.

31 (a) Seventy percent of amounts appropriated to the authority from  
32 the account shall be distributed to counties pursuant to the  
33 distribution formula adopted under this section. The authority, in  
34 consultation with the department of corrections, the Washington state  
35 association of counties, the Washington state association of drug  
36 court professionals, the superior court judges' association, the  
37 Washington association of prosecuting attorneys, representatives of  
38 the criminal defense bar, representatives of substance use disorder  
39 treatment providers, and any other person deemed by the authority to  
40 be necessary, shall establish a fair and reasonable methodology for

1 distribution to counties of moneys in the criminal justice treatment  
2 account. County or regional plans submitted for the expenditure of  
3 formula funds must be approved by the panel established in (b) of  
4 this subsection.

5 (b) Thirty percent of the amounts appropriated to the authority  
6 from the account shall be distributed as grants for purposes of  
7 treating offenders against whom charges are filed by a county  
8 prosecuting attorney. The authority shall appoint a panel of  
9 representatives from the Washington association of prosecuting  
10 attorneys, the Washington association of sheriffs and police chiefs,  
11 the superior court judges' association, the Washington state  
12 association of counties, the Washington defender's association or the  
13 Washington association of criminal defense lawyers, the department of  
14 corrections, the Washington state association of drug court  
15 professionals, and substance use disorder treatment providers. The  
16 panel shall review county or regional plans for funding under (a) of  
17 this subsection and grants approved under this subsection. The panel  
18 shall attempt to ensure that treatment as funded by the grants is  
19 available to offenders statewide.

20 (6) The county alcohol and drug coordinator, county prosecutor,  
21 county sheriff, county superior court, a substance abuse treatment  
22 provider appointed by the county legislative authority, a member of  
23 the criminal defense bar appointed by the county legislative  
24 authority, and, in counties with a drug court, a representative of  
25 the drug court shall jointly submit a plan, approved by the county  
26 legislative authority or authorities, to the panel established in  
27 subsection (5)(b) of this section, for disposition of all the funds  
28 provided from the criminal justice treatment account within that  
29 county. The funds shall be used solely to provide approved alcohol  
30 and substance abuse treatment pursuant to RCW 71.24.560 and treatment  
31 support services. No more than ten percent of the total moneys  
32 received under subsections (4) and (5) of this section by a county or  
33 group of counties participating in a regional agreement shall be  
34 spent for treatment support services.

35 (7) Counties are encouraged to consider regional agreements and  
36 submit regional plans for the efficient delivery of treatment under  
37 this section.

38 (8) Moneys allocated under this section shall be used to  
39 supplement, not supplant, other federal, state, and local funds used  
40 for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.30.030(3).

**Sec. 981.** RCW 76.04.610 and 2018 c 299 s 912 are each amended to read as follows:

(1)(a) If any owner of forestland within a forest protection zone neglects or fails to provide adequate fire protection as required by RCW 76.04.600, the department shall provide such protection and shall annually impose the following assessments on each parcel of such land: (i) A flat fee assessment of seventeen dollars and fifty cents; and (ii) twenty-seven cents on each acre exceeding fifty acres.

(b) Assessors may, at their option, collect the assessment on tax exempt lands. If the assessor elects not to collect the assessment, the department may bill the landowner directly.

(2) An owner who has paid assessments on two or more parcels, each containing fewer than fifty acres and each within the same county, may obtain the following refund:

(a) If all the parcels together contain less than fifty acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) seventeen dollars and (ii) the total of the amounts retained by the county from such assessments under subsection (5) of this section.

(b) If all the parcels together contain fifty or more acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) seventeen dollars, (ii) twenty-seven cents for each acre exceeding fifty acres, and (iii) the total of the amounts retained by the county from such assessments under subsection (5) of this section.

Applications for refunds shall be submitted to the department on a form prescribed by the department and in the same year in which the assessments were paid. The department may not provide refunds to applicants who do not provide verification that all assessments and property taxes on the property have been paid. Applications may be made by mail.

In addition to the procedures under this subsection, property owners with multiple parcels in a single county who qualify for a refund under this section may apply to the department on an application listing all the parcels owned in order to have the assessment computed on all parcels but billed to a single parcel.

Property owners with the following number of parcels may apply to the department in the year indicated:

Year	Number of Parcels
2002	10 or more parcels
2003	8 or more parcels
2004 and thereafter	6 or more parcels

The department must compute the correct assessment and allocate one parcel in the county to use to collect the assessment. The county must then bill the forest fire protection assessment on that one allocated identified parcel. The landowner is responsible for notifying the department of any changes in parcel ownership.

(3) Beginning January 1, 1991, under the administration and at the discretion of the department up to two hundred thousand dollars per year of this assessment shall be used in support of those rural fire districts assisting the department in fire protection services on forestlands.

(4) For the purpose of this chapter, the department may divide the forestlands of the state, or any part thereof, into districts, for fire protection and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Amounts paid or contracted to be paid by the department for protection of forestlands from funds at its disposal shall be a lien upon the property protected, unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred. The department shall be prepared to make statement thereof, upon request, to a forest owner whose own protection has not been previously approved as to its adequacy, the department shall report the same to the assessor of the county in which the property is situated. The assessor shall extend the amounts upon the tax rolls covering the property, and upon authorization from the department shall levy the forest protection assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records. The assessor may then segregate on the records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in RCW 52.16.170.

1 (5) The amounts assessed shall be collected at the time, in the  
2 same manner, by the same procedure, and with the same penalties  
3 attached that general state and county taxes on the same property are  
4 collected, except that errors in assessments may be corrected at any  
5 time by the department certifying them to the treasurer of the county  
6 in which the land involved is situated. Assessments shall be known  
7 and designated as assessments of the year in which the amounts became  
8 reimbursable. Upon the collection of assessments the county treasurer  
9 shall place fifty cents of the total assessments paid on a parcel for  
10 fire protection into the county current expense fund to defray the  
11 costs of listing, billing, and collecting these assessments. The  
12 treasurer shall then transmit the balance to the department.  
13 Collections shall be applied against expenses incurred in carrying  
14 out the provisions of this section, including necessary and  
15 reasonable administrative costs incurred by the department in the  
16 enforcement of these provisions. The department may also expend sums  
17 collected from owners of forestlands or received from any other  
18 source for necessary administrative costs in connection with the  
19 enforcement of RCW 76.04.660. During the 2017-2019 and 2019-2021  
20 fiscal (~~(biennium)~~) biennia, the legislature may appropriate moneys  
21 from the account for department of natural resources wildfire  
22 response and forest health activities.

23 (6) When land against which forest protection assessments are  
24 outstanding is acquired for delinquent taxes and sold at public  
25 auction, the state shall have a prior lien on the proceeds of sale  
26 over and above the amount necessary to satisfy the county's  
27 delinquent tax judgment. The county treasurer, in case the proceeds  
28 of sale exceed the amount of the delinquent tax judgment, shall  
29 immediately remit to the department the amount of the outstanding  
30 forest protection assessments.

31 (7) All nonfederal public bodies owning or administering  
32 forestland included in a forest protection zone shall pay the forest  
33 protection assessments provided in this section and the special  
34 forest fire suppression account assessments under RCW 76.04.630. The  
35 forest protection assessments and special forest fire suppression  
36 account assessments shall be payable by nonfederal public bodies from  
37 available funds within thirty days following receipt of the written  
38 notice from the department which is given after October 1st of the  
39 year in which the protection was provided. Unpaid assessments are not  
40 a lien against the nonfederal publicly owned land but shall

1 constitute a debt by the nonfederal public body to the department and  
2 are subject to interest charges at the legal rate. (~~During the~~  
3 ~~2011-2013 fiscal biennium, the forest fire protection assessment~~  
4 ~~account may be appropriated to The Evergreen State College for~~  
5 ~~analysis and recommendations to improve the efficiency and~~  
6 ~~effectiveness of the state's mechanisms for funding fire prevention~~  
7 ~~and suppression activities.))~~

8 (8) A public body, having failed to previously pay the forest  
9 protection assessments required of it by this section, which fails to  
10 suppress a fire on or originating from forestlands owned or  
11 administered by it, is liable for the costs of suppression incurred  
12 by the department or its agent and is not entitled to reimbursement  
13 of costs incurred by the public body in the suppression activities.

14 (9) The department may adopt rules to implement this section,  
15 including, but not limited to, rules on levying and collecting forest  
16 protection assessments.

17 **Sec. 982.** RCW 76.09.405 and 2007 c 54 s 3 and 2007 c 48 s 1 are  
18 each reenacted and amended to read as follows:

19 The forest and fish support account is hereby created in the  
20 state treasury. Receipts from appropriations, the surcharge imposed  
21 under RCW 82.04.261, and other sources must be deposited into the  
22 account. Expenditures from the account shall be used for activities  
23 pursuant to the state's implementation of the forests and fish report  
24 as defined in this chapter and related activities including, but not  
25 limited to, adaptive management, monitoring, and participation grants  
26 to tribes, state and local agencies, and not-for-profit public  
27 interest organizations. Expenditures from the account may be made  
28 only after appropriation by the legislature. During the 2019-2021

1 (1) The county criminal justice assistance account is created in  
2 the state treasury. Beginning in fiscal year 2000, the state  
3 treasurer must transfer into the county criminal justice assistance  
4 account from the general fund the sum of twenty-three million two  
5 hundred thousand dollars divided into four equal deposits occurring  
6 on July 1, October 1, January 1, and April 1. For each fiscal year  
7 thereafter, the state treasurer must increase the total transfer by  
8 the fiscal growth factor, as defined in RCW 43.135.025, forecast for  
9 that fiscal year by the office of financial management in November of  
10 the preceding year.

11 (2) The moneys deposited in the county criminal justice  
12 assistance account for distribution under this section, less any  
13 moneys appropriated for purposes under subsections (4) and (5) of  
14 this section, must be distributed at such times as distributions are  
15 made under RCW 82.44.150 and on the relative basis of each county's  
16 funding factor as determined under this subsection.

17 (a) A county's funding factor is the sum of:

18 (i) The population of the county, divided by one thousand, and  
19 multiplied by two-tenths;

20 (ii) The crime rate of the county, multiplied by three-tenths;  
21 and

22 (iii) The annual number of criminal cases filed in the county  
23 superior court, for each one thousand in population, multiplied by

26 (i) The population of the county or city is as last determined by  
27 the office of financial management;

31 Washington association of sheriffs and police chiefs, for each one  
32 thousand in population;

33 (iii) The annual number of criminal cases filed in the county  
34 superior court must be determined by the most recent annual report of  
35 the courts of Washington, as published by the administrative office  
36 of the courts;

37 (iv) Distributions and eligibility for distributions in the  
38 1989-1991 biennium must be based on 1988 figures for both the crime  
39 rate as described under (ii) of this subsection and the annual number  
40 of criminal cases that are filed as described under (iii) of this

1 subsection. Future distributions must be based on the most recent  
2 figures for both the crime rate as described under (ii) of this  
3 subsection and the annual number of criminal cases that are filed as  
4 described under (iii) of this subsection.

5 (3) Moneys distributed under this section must be expended  
6 exclusively for criminal justice purposes and may not be used to  
7 replace or supplant existing funding. Criminal justice purposes are  
8 defined as activities that substantially assist the criminal justice  
9 system, which may include circumstances where ancillary benefit to  
10 the civil or juvenile justice system occurs, and which includes (a)  
11 domestic violence services such as those provided by domestic

16 funding for purposes of this subsection is defined as calendar year  
17 1989 actual operating expenditures for criminal justice purposes.  
18 Calendar year 1989 actual operating expenditures for criminal justice  
19 purposes exclude the following: Expenditures for extraordinary events  
20 not likely to reoccur, changes in contract provisions for criminal  
21 justice services, beyond the control of the local jurisdiction  
22 receiving the services, and major nonrecurring capital expenditures.

23 (4) Not more than five percent of the funds deposited to the  
24 county criminal justice assistance account may be available for  
25 appropriations for enhancements to the state patrol crime laboratory  
26 system and the continuing costs related to these enhancements. Funds  
27 appropriated from this account for such enhancements may not supplant  
28 existing funds from the state general fund.

29 ~~(5) ((During the 2011-2013 fiscal biennium, the amount that would~~  
30 ~~otherwise be transferred into the county criminal justice assistance~~  
31 ~~account from the general fund under subsection (1) of this section~~  
32 ~~must be reduced by 3.4 percent.~~

33 ~~(6) During the 2013-2015 fiscal biennium, for the purposes of~~  
34 ~~substance abuse and other programs for offenders, the legislature may~~  
35 ~~appropriate from the county criminal justice assistance account such~~  
36 ~~amounts as are in excess of the amounts necessary to fully meet the~~  
37 ~~state's obligations to the counties and to the Washington state~~  
38 ~~patrol. Excess amounts in this account are not the result of~~  
39 ~~subsection (5) of this section.))~~ During the 2017-2019 fiscal  
40 biennium, the sum of one hundred fifty-three thousand dollars, and

1 during the 2019-2021 fiscal biennium, the sum of five hundred ten  
2 thousand dollars, may be appropriated for the Washington state patrol  
3 to provide investigative assistance and report services to assist

11 tax imposed in this chapter.

12       (2) Beginning June 30, 2019, taxes collected under this chapter

23 treasury. Money in the account may be spent only after appropriation.  
24 Expenditures from the account may be used only for support of the

11 the 2017-2019 and 2019-2021 fiscal ((~~biennium~~)) biennia, the  
12 legislature may appropriate moneys from the account for the purposes  
13 specified under chapter 90.94 RCW.

14 **Sec. 992.** RCW 90.50A.090 and 2013 c 96 s 2 are each amended to  
15 read as follows:

16 (1) The water pollution control revolving administration account  
17 is created in the state treasury. All receipts from charges  
18 authorized in this section must be deposited in the account. Moneys  
19 in the account may be spent only after appropriation. Expenditures  
20 from the account may be used only in a manner consistent with this  
21 section.

22 (2) The department is authorized to assess administration charges  
23 as a portion of the debt service for loans issued under the water  
24 pollution control revolving fund created in RCW 90.50A.020. The sole  
25 purpose of assessing administration charges is to predictably and  
26 adequately fund the department's costs of administering the water  
27 pollution control revolving fund loan program, as identified in  
28 subsection (5) of this section. The department must assess  
29 administration charges on each water pollution control revolving fund  
30 loan at the point the loan enters repayment status, after July 28,  
31 2013, and rule changes are adopted to implement the administration  
32 charge. Loans that are at an interest rate below the established  
33 administration charge rate are exempt from the administration charge.

34 (3) The water pollution control revolving administration account  
35 consists of:

36 (a) Any administration charge levied by the department in  
37 conjunction with administration of the water pollution control  
38 revolving fund; and

1 (b) Any other revenues derived from gifts, grants, or bequests  
2 pledged to the state for the purpose of administering the water  
3 pollution control revolving fund.

4 (4) The state treasurer may invest and reinvest moneys in the  
5 water pollution control revolving administration account in the  
6 manner provided by law. All earnings from such investment and  
7 reinvestment must be credited to the water pollution control  
8 revolving administration account.

9 (5) Moneys in the water pollution control revolving  
10 administration account are to be used for the following water  
11 pollution (~~((control))~~) control revolving fund loan program costs:

12 (a) Administration costs associated with conducting application  
13 processes, managing contracts, collecting loan repayments, managing  
14 the revolving fund, providing technical assistance, and meeting state  
15 and federal reporting requirements; and

16 (b) Information and data system costs associated with loan  
17 tracking and fund management.

18 (6) Each biennium, the department may spend from the water  
19 pollution control revolving administration account an amount no  
20 greater than four percent of the water pollution control revolving  
21 fund new capital appropriation.

22 (7) For its 2017-2019 biennial operating budget submittal, and  
23 every biennium thereafter, the department must compare the projected  
24 water pollution control revolving administration account balance and  
25 the projected administration charge income with projected program  
26 costs, including an adequate working capital reserve as defined by  
27 the office of financial management. In its submittal to the office of  
28 financial management, the department may:

29 (a) Find that the projected administration charge income is  
30 inadequate to fund the cost of administering the program, and that  
31 the rate of the charge must be increased. However, the administration  
32 charge may never exceed one percent on the declining principal loan  
33 balance;

34 (b) Find that the projected administration charge income exceeds  
35 what is needed to fund the cost of administering the program, and  
36 that the rate of the charge must be decreased;

37 (c) Find that there is an excess balance in the revolving  
38 administration account, and that the excess must be transferred to  
39 the water pollution control revolving fund to be used for loans; or

1 (d) Find that there is no need for any rate adjustments or  
2 balance transfers.

3 (8) At the point where the water pollution control revolving  
4 administration account adequately covers the program administration  
5 costs, the department may no longer use the federal administration  
6 allowance. If a federal capitalization grant is awarded after that  
7 point, all federal capitalization dollars must be used for making  
8 loans.

9 (9) By December 1, 2018, the department must submit to the  
10 appropriate legislative fiscal committees a report on implementation  
11 of the administration charge, including information on: The amount of  
12 income the administration charge has produced since its inception;  
13 the uses and adequacy of the income for administrative costs; any  
14 excess balances that have been transferred to the water pollution  
15 control revolving fund; and any additional sources that the  
16 department is using for program administration.

17 (10) During the 2019-2021 fiscal biennium, the legislature may  
18 direct the state treasurer to make transfers of moneys in the water  
19 pollution control revolving administration account to the water  
20 pollution control revolving account.

PART XI  
SUPPLEMENTAL  
HUMAN SERVICES

**Sec. 1101.** 2018 c 299 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic

1 area. The legislature finds that cost reports, payment data from the  
2 federal government, historical utilization, economic data, and  
3 clinical input constitute reliable data upon which to determine the  
4 payment rates.

5 (4) The department shall to the maximum extent practicable use  
6 the same system for delivery of spoken-language interpreter services  
7 for social services appointments as the one established for medical  
8 appointments in the health care authority. When contracting directly  
9 with an individual to deliver spoken language interpreter services,  
10 the department shall only contract with language access providers who  
11 are working at a location in the state and who are state-certified or  
12 state-authorized, except that when such a provider is not available,  
13 the department may use a language access provider who meets other  
14 certifications or standards deemed to meet state standards, including  
15 interpreters in other states.

16 (5) Information technology projects or investments and proposed  
17 projects or investments impacting time capture, payroll and payment  
18 processes and systems, eligibility, case management, and  
19 authorization systems within the department of social and health  
20 services are subject to technical oversight by the office of the  
21 chief information officer.

22 (6)(a) The department shall facilitate enrollment under the  
23 medicaid expansion for clients applying for or receiving state funded  
24 services from the department and its contractors. Prior to open  
25 enrollment, the department shall coordinate with the health care  
26 authority to provide referrals to the Washington health benefit  
27 exchange for clients that will be ineligible for medicaid.

28 (b) To facilitate a single point of entry across public and  
29 medical assistance programs, and to maximize the use of federal  
30 funding, the health care authority, the department of social and  
31 health services, and the health benefit exchange will coordinate  
32 efforts to expand HealthPlanfinder access to public assistance and  
33 medical eligibility staff. The department shall complete medicaid  
34 applications in the HealthPlanfinder for households receiving or  
35 applying for public assistance benefits.

36 (7) In accordance with RCW 71.24.380, the health care authority  
37 and the department are authorized to purchase medical and behavioral  
38 health services through integrated contracts upon request of all of  
39 the county authorities in a regional service area to become an early  
40 adopter of fully integrated purchasing of medical and behavioral

1 health services. The department may combine and transfer such amounts  
2 appropriated under sections 204, 208, and 213 of this act as may be  
3 necessary to fund early adopter contracts. The amount of medicaid  
4 funding transferred from each program may not exceed the average per  
5 capita cost assumed in this act for individuals covered by that  
6 program, actuarially adjusted for the health condition of persons  
7 enrolled, times the number of clients enrolled. The amount of non-  
8 medicaid funding transferred from sections 204 and 208 may not exceed  
9 the amount that would have been contracted with a behavioral health  
10 organization if the county authorities had not requested to become an  
11 early adopter of fully integrated purchasing. These limits do not  
12 apply to the amounts provided in section 204(1)(s) of this act. If  
13 any funding that this act provides solely for a specific purpose is  
14 transferred under this subsection, that funding must be used  
15 consistently with the provisions and conditions for which it was  
16 provided.

17 (8) In accordance with RCW 71.24.380, the department is  
18 authorized to purchase mental health and substance use disorder  
19 services through integrated contracts with behavioral health  
20 organizations. The department may combine and transfer such amounts  
21 appropriated under sections 204 and 208 of this act as may be  
22 necessary to finance these behavioral health organization contracts.  
23 If any funding that this act provides solely for a specific purpose  
24 is transferred under this subsection, that funding must be used  
25 consistently with the provisions and conditions for which it was  
26 provided.

27 (9)(a) The appropriations to the department of social and health  
28 services in this act must be expended for the programs and in the  
29 amounts specified in this act. However, after May 1, ((2018)) 2019,  
30 unless prohibited by this act, the department may transfer general  
31 fund—state appropriations for fiscal year ((2018)) 2019 among  
32 programs and subprograms after approval by the director of the office  
33 of financial management. However, the department may not transfer  
34 state appropriations that are provided solely for a specified purpose  
35 except as expressly provided in (b) through (d) of this subsection.

36 (b) To the extent that transfers under (a) of this subsection are  
37 insufficient to fund actual expenditures in excess of fiscal year  
38 ((2018)) 2019 caseload forecasts and utilization assumptions in the  
39 long-term care, developmental disabilities, ((foster care, adoption  
40 support,)) and public assistance programs, the department may

transfer state appropriations that are provided solely for a specified purpose.

(c) Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose within and between subprograms as needed to fund actual expenditures through the end of fiscal year ((2018)) 2019.

(d) Within the developmental disabilities program, the department may transfer appropriations that are provided solely for a specified purpose within and between subprograms as needed to fund actual expenditures through the end of fiscal year ((2018)) 2019.

(e) The department may not transfer appropriations, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(10) The department and the department of children, youth, and families shall coordinate to ensure that both agencies have sufficient funding for allocated and nonallocated central services and, if necessary, must enter into an interagency agreement to ensure that funds are transferred to the agency that incurs costs. The agencies shall jointly report to the office of financial management the status of state fiscal year 2019 allocated and nonallocated central services costs and whether fund transfers were required.

10 (1) \$331,000 of the general fund—state appropriation for fiscal  
11 year 2018 and \$331,000 of the general fund—state appropriation for  
12 fiscal year 2019 are provided solely for deposit in the county  
13 criminal justice assistance account for costs to the criminal justice  
14 system associated with the implementation of chapter 338, Laws of  
15 1997 (juvenile code revisions). The amounts provided in this

17 costs associated with the implementation of chapter 338, Laws of 1997  
18 and shall be distributed in accordance with RCW 82.14.310.

19 (2) \$2,841,000 of the general fund—state appropriation for fiscal  
20 year 2018 and \$2,841,000 of the general fund—state appropriation for  
21 fiscal year 2019 are provided solely for grants to county juvenile  
22 courts for the following juvenile justice programs identified by the  
23 Washington state institute for public policy (institute) in its  
24 report: "Inventory of Evidence-based, Research-based, and Promising  
25 Practices for Prevention and Intervention Services for Children and  
26 Juveniles in the Child Welfare, Juvenile Justice, and Mental Health  
27 Systems." Additional funding for this purpose is provided through an  
28 interagency agreement with the health care authority. County juvenile  
29 courts shall apply to the juvenile rehabilitation administration for  
30 funding for program-specific participation and the administration  
31 shall provide grants to the courts consistent with the per-  
32 participant treatment costs identified by the institute.

33 (3) \$1,537,000 of the general fund—state appropriation for fiscal  
34 year 2018 and \$1,537,000 of the general fund—state appropriation for  
35 fiscal year 2019 are provided solely for expansion of the following  
36 juvenile justice treatments and therapies in juvenile rehabilitation  
37 administration programs identified by the Washington state institute  
38 for public policy in its report: "Inventory of Evidence-based,  
39 Research-based, and Promising Practices for Prevention and

1 Intervention Services for Children and Juveniles in the Child  
2 Welfare, Juvenile Justice, and Mental Health Systems." The  
3 administration may concentrate delivery of these treatments and  
4 therapies at a limited number of programs to deliver the treatments  
5 in a cost-effective manner.

6 (4)(a) \$6,198,000 of the general fund—state appropriation for  
7 fiscal year 2018 and \$6,198,000 of the general fund—state  
8 appropriation for fiscal year 2019 are provided solely to implement  
9 evidence- and research-based programs through community juvenile  
10 accountability grants, administration of the grants, and evaluations  
11 of programs funded by the grants. In addition to funding provided in  
12 this subsection, funding to implement alcohol and substance abuse  
13 treatment programs for locally committed offenders is provided  
14 through an interagency agreement with the health care authority.

15 (b) The juvenile rehabilitation administration shall administer a  
16 block grant to county juvenile courts for the purpose of serving  
17 youth as defined in RCW 13.40.510(4)(a) in the county juvenile  
18 justice system. Funds dedicated to the block grant include:  
19 Consolidated juvenile service (CJS) funds, community juvenile  
20 accountability act (CJAA) grants, chemical dependency/mental health  
21 disposition alternative (CDDA), and suspended disposition alternative  
22 (SDA). The juvenile rehabilitation administration shall follow the  
23 following formula and must prioritize evidence-based programs and  
24 disposition alternatives and take into account juvenile courts  
25 program-eligible youth in conjunction with the number of youth served  
26 in each approved evidence-based program or disposition alternative:  
27 (i) Thirty-seven and one-half percent for the at-risk population of  
28 youth ten to seventeen years old; (ii) fifteen percent for the  
29 assessment of low, moderate, and high-risk youth; (iii) twenty-five  
30 percent for evidence-based program participation; (iv) seventeen and  
31 one-half percent for minority populations; (v) three percent for the  
32 chemical dependency and mental health disposition alternative; and  
33 (vi) two percent for the suspended dispositional alternatives.  
34 Funding for the special sex offender disposition alternative (SSODA)  
35 shall not be included in the block grant, but allocated on the  
36 average daily population in juvenile courts. Funding for the  
37 evidence-based expansion grants shall be excluded from the block  
38 grant formula. Funds may be used for promising practices when  
39 approved by the juvenile rehabilitation administration and juvenile  
40 courts, through the community juvenile accountability act committee,

1 based on the criteria established in consultation with Washington  
2 state institute for public policy and the juvenile courts.

3 (c) If Second Substitute House Bill No. 1280 (referred and  
4 diverted youth) is enacted, then the administration must implement a  
5 stop-loss policy when allocating funding under (b) of this subsection  
6 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding  
7 formula changes may not result in a funding loss for any juvenile  
8 court of more than two percent from one year to the next. The  
9 committee in (d) of this subsection must establish a minimum base  
10 level of funding for juvenile courts with lower numbers of at-risk  
11 youth age 10 - 17. The administration must report to the legislature  
12 by December 1, 2018, about how funding is used for referred youth and  
13 the impact of that use on overall use of funding. If the bill is not  
14 enacted by July 31, 2017, this subsection is null and void.

15 (d) The juvenile rehabilitation administration and the juvenile  
16 courts shall establish a block grant funding formula oversight  
17 committee with equal representation from the juvenile rehabilitation  
18 administration and the juvenile courts. The purpose of this committee  
19 is to assess the ongoing implementation of the block grant funding  
20 formula, utilizing data-driven decision making and the most current  
21 available information. The committee will be co-chaired by the  
22 juvenile rehabilitation administration and the juvenile courts, who  
23 will also have the ability to change members of the committee as  
24 needed to achieve its purpose. The committee may make changes to the  
25 formula categories in (b) of this subsection if it determines the  
26 changes will increase statewide service delivery or effectiveness of  
27 evidence-based program or disposition alternative resulting in  
28 increased cost/benefit savings to the state, including long-term  
29 cost/benefit savings. The committee must also consider these outcomes  
30 in determining when evidence-based expansion or special sex offender  
31 disposition alternative funds should be included in the block grant  
32 or left separate.

33 (e) The juvenile courts and administrative office of the courts  
34 must collect and distribute information and provide access to the  
35 data systems to the juvenile rehabilitation administration and the  
36 Washington state institute for public policy related to program and  
37 outcome data. The juvenile rehabilitation administration and the  
38 juvenile courts must work collaboratively to develop program outcomes  
39 that reinforce the greatest cost/benefit to the state in the

1 implementation of evidence-based practices and disposition  
2 alternatives.

3 (5) \$98,000 of the general fund—state appropriation for fiscal  
4 year 2018 and \$98,000 of the general fund—state appropriation for  
5 fiscal year 2019 are provided solely to the juvenile block grant  
6 funding formula oversight committee described in subsection (4)(d) of  
7 this section to contract with research entities to: (a) Assist  
8 juvenile justice programs identified as promising practices or  
9 research-based in undergoing the research necessary to demonstrate  
10 that the program is evidence-based; and (b) establish an annual,  
11 county-level evaluation of existing evidence-based juvenile justice  
12 programs.

13 (6) \$557,000 of the general fund—state appropriation for fiscal  
14 year 2018 and \$557,000 of the general fund—state appropriation for  
15 fiscal year 2019 are provided solely for funding of the teamchild  
16 project.

17 (7) \$283,000 of the general fund—state appropriation for fiscal  
18 year 2018 and \$283,000 of the general fund—state appropriation for  
19 fiscal year 2019 are provided solely for the juvenile detention  
20 alternatives initiative.

21 (8) \$500,000 of the general fund—state appropriation for fiscal  
22 year 2018 and \$500,000 of the general fund—state appropriation for  
23 fiscal year 2019 are provided solely for a grant program focused on  
24 criminal street gang prevention and intervention. The juvenile  
25 rehabilitation administration may award grants under this subsection.  
26 The juvenile rehabilitation administration shall give priority to  
27 applicants who have demonstrated the greatest problems with criminal  
28 street gangs. Applicants composed of, at a minimum, one or more local  
29 governmental entities and one or more nonprofit, nongovernmental  
30 organizations that have a documented history of creating and  
31 administering effective criminal street gang prevention and  
32 intervention programs may apply for funding under this subsection.  
33 Each entity receiving funds must report to the juvenile  
34 rehabilitation administration on the number and types of youth  
35 served, the services provided, and the impact of those services on  
36 the youth and the community.

37 (9) The juvenile rehabilitation institutions may use funding  
38 appropriated in this subsection to purchase goods and supplies

1 through hospital group purchasing organizations when it is cost-  
2 effective to do so.

3 (10) \$75,000 of the general fund—state appropriation for fiscal  
4 year 2018 is provided solely for the department to coordinate the  
5 examination of data associated with juvenile gang and firearm  
6 offenses. The review of data must include information from the  
7 administrative office of the courts, the office of the superintendent  
8 of public instruction, the office of financial management—education  
9 research data center, the Washington association of sheriffs and  
10 police chiefs, the caseload forecast council, and the department of  
11 corrections. For the purpose of carrying out the data review, named  
12 organizations are authorized to share data to include details of  
13 criminal arrest and conviction data. The department shall report to  
14 the governor and the appropriate legislative committees by February  
15 1, 2018, with any recommendations for public policy that increases  
16 public safety.

17 (11) \$107,000 of the general fund—state appropriation for fiscal  
18 year 2018 and \$432,000 of the general fund—state appropriation for  
19 fiscal year 2019 are provided solely for the department to provide  
20 housing services to clients releasing from incarceration into the  
21 community.

22 (12) \$75,000 of the general fund—state appropriation for fiscal  
23 year 2019 is provided solely for the implementation of Engrossed  
24 Second Substitute Senate Bill No. 6160 (exclusive adult  
25 jurisdiction). (~~If the bill is not enacted by June 30, 2018, the~~  
26 ~~amount provided in this subsection shall lapse.~~)

27 **Sec. 1103.** 2018 c 299 s 204 (uncodified) is amended to read as

(b) \$6,590,000 of the general fund—state appropriation for fiscal year 2018 and \$3,810,000 of the general fund—federal appropriation are provided solely for the department and behavioral health organizations to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health organizations with PACT teams, the department shall consider the differences between behavioral health organizations in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow behavioral health organizations which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under (f) of this subsection. The department and behavioral health organizations shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) From the general fund—state appropriations in this subsection, the department shall assure that behavioral health organizations reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health organization consumers use because of their psychiatric disability.

(d) \$1,760,000 of the general fund—federal appropriation is provided solely for the department to maintain a pilot project to put peer bridging staff into each behavioral health organization as part of the state psychiatric liaison teams to promote continuity of service as individuals return to their communities. The department

1 must collect data and submit a report to the office of financial  
2 management and the appropriate committees of the legislature on the  
3 impact of peer staff on state hospital discharges and community  
4 placements by December 1, 2017.

5 (e) \$11,405,000 of the general fund—state appropriation for  
6 fiscal year 2018 is provided solely to assist behavioral health  
7 organizations with the costs of providing services to medicaid  
8 clients receiving services in psychiatric facilities classified as  
9 institutions of mental diseases. The department must distribute these  
10 amounts proportionate to the number of bed days for medicaid clients  
11 in institutions for mental diseases that were excluded from  
12 behavioral health organization fiscal year 2018 capitation rates  
13 because they exceeded the amounts allowed under federal regulations.  
14 The department must also use these amounts to directly pay for costs  
15 that are ineligible for medicaid reimbursement in institutions of  
16 mental disease facilities for American Indian and Alaska Natives who  
17 opt to receive behavioral health services on a fee for service basis.  
18 The amounts used for these individuals must be reduced from the  
19 allocation of the behavioral health organization where the individual  
20 resides. If a behavioral health organization receives more funding  
21 through this subsection than is needed to pay for the cost of their  
22 medicaid clients in institutions for mental diseases, they must use  
23 the remainder of the amounts to provide other services not covered  
24 under the medicaid program. The department must apply for a waiver  
25 from the center for medicaid and medicare services to allow for the  
26 full cost of stays in institutions of mental diseases to be included  
27 in fiscal year 2019 behavioral health organization capitation rates.  
28 The department may tailor the fiscal year 2019 waiver to specific  
29 populations for which the center for medicaid and medicare services  
30 has indicated they are likely to approve and work to further expand  
31 the waiver to other populations in fiscal year 2020. The department  
32 must submit a report on the status of the waiver to the office of  
33 financial management and the appropriate committees of the  
34 legislature by December 1, 2017.

35 (f) \$81,930,000 of the general fund—state appropriation for  
36 fiscal year 2018 is provided solely for persons and services not  
37 covered by the medicaid program. To the extent possible, levels of  
38 behavioral health organization spending shall be maintained in the  
39 following priority order: Crisis and commitment services; community  
40 inpatient services; and residential care services, including personal

1 care and emergency housing assistance. These amounts must be  
2 distributed to behavioral health organizations proportionate to the  
3 fiscal year 2017 allocation of flexible nonmedicaid funds. The  
4 department must include the following language in medicaid contracts  
5 with behavioral health organizations unless they are provided formal  
6 notification from the center for medicaid and medicare services that  
7 the language will result in the loss of federal medicaid  
8 participation: "The contractor may voluntarily provide services that  
9 are in addition to those covered under the state plan, although the  
10 cost of these services cannot be included when determining payment  
11 rates unless including these costs are specifically allowed under  
12 federal law or an approved waiver."

13 (g) The department is authorized to continue to contract  
14 directly, rather than through contracts with behavioral health  
15 organizations for children's long-term inpatient facility services.

16 (h) \$1,125,000 of the general fund—state appropriation for fiscal  
17 year 2018 is provided solely for the Spokane county behavioral health  
18 organization to implement services to reduce utilization and the  
19 census at eastern state hospital. Such services shall include:

20 (A) High intensity treatment team for persons who are high  
21 utilizers of psychiatric inpatient services, including those with co-  
22 occurring disorders and other special needs;

23 (B) Crisis outreach and diversion services to stabilize in the  
24 community individuals in crisis who are at risk of requiring  
25 inpatient care or jail services;

26 (C) Mental health services provided in nursing facilities to  
27 individuals with dementia, and consultation to facility staff  
28 treating those individuals; and

29 (D) Services at the sixteen-bed evaluation and treatment  
30 facility.

31 At least annually, the Spokane county behavioral health  
32 organization shall assess the effectiveness of these services in  
33 reducing utilization at eastern state hospital, identify services  
34 that are not optimally effective, and modify those services to  
35 improve their effectiveness.

36 (i) \$1,204,000 of the general fund—state appropriation for fiscal  
37 year 2018 is provided solely to reimburse Pierce and Spokane counties  
38 for the cost of conducting 180-day commitment hearings at the state  
39 psychiatric hospitals.

1 (j) Behavioral health organizations may use local funds to earn  
2 additional federal medicaid match, provided the locally matched rate  
3 does not exceed the upper-bound of their federally allowable rate  
4 range, and provided that the enhanced funding is used only to provide  
5 medicaid state plan or waiver services to medicaid clients.  
6 Additionally, behavioral health organizations may use a portion of  
7 the state funds allocated in accordance with (f) of this subsection  
8 to earn additional medicaid match, but only to the extent that the  
9 application of such funds to medicaid services does not diminish the  
10 level of crisis and commitment, community inpatient, residential  
11 care, and outpatient services presently available to persons not  
12 eligible for medicaid.

13 (k) \$2,291,000 of the general fund—state appropriation for fiscal  
14 year 2018 is provided solely for mental health services for mentally  
15 ill offenders while confined in a county or city jail and for  
16 facilitating access to programs that offer mental health services  
17 upon release from confinement. The department must collect  
18 information from the behavioral health organizations on their plan  
19 for using these funds, the numbers of individuals served, and the  
20 types of services provided and submit a report to the office of  
21 financial management and the appropriate fiscal committees of the  
22 legislature by December 1st of each year of the biennium.

23 (l) Within the amounts appropriated in this section, funding is  
24 provided for the department to develop and phase in intensive mental  
25 health services for high needs youth consistent with the settlement  
26 agreement in *T.R. v. Dreyfus and Porter*.

27 (m) The department must establish minimum and maximum funding  
28 levels for all reserves allowed under behavioral health organization  
29 contracts and insert contract language that clearly states the  
30 requirements and limitations. The department must monitor and ensure  
31 that behavioral health organization reserves do not exceed maximum  
32 levels. The department must monitor behavioral health organization  
33 revenue and expenditure reports and must require a behavioral health  
34 organization to submit a corrective action plan on how it will spend  
35 its excess reserves within a reasonable period of time, when its  
36 reported reserves exceed maximum levels established under the  
37 contract. The department must review and approve such plans and  
38 monitor to ensure compliance. If the department determines that a  
39 behavioral health organization has failed to provide an adequate  
40 excess reserve corrective action plan or is not complying with an

1 approved plan, the department must reduce payments to the behavioral  
2 health organization in accordance with remedial actions provisions  
3 included in the contract. These reductions in payments must continue  
4 until the department determines that the behavioral health  
5 organization has come into substantial compliance with an approved  
6 excess reserve corrective action plan.

7 (n) \$2,309,000 of the general fund—state appropriation for fiscal  
8 year 2018 and \$2,169,000 of the general fund—federal appropriation  
9 are provided solely for the department to increase rates for  
10 community hospitals that provide a minimum of 200 medicaid  
11 psychiatric inpatient days. The department must increase both  
12 medicaid and nonmedicaid psychiatric per-diem reimbursement rates for  
13 these providers within these amounts. The amounts in this subsection  
14 include funding for additional hold harmless payments resulting from  
15 the rate increase. The department shall prioritize increases for  
16 hospitals not currently paid based on provider specific costs using a  
17 similar methodology used to set rate for existing inpatient  
18 facilities and the latest available cost report information. Rate  
19 increases for providers must be set so as not to exceed the amounts  
20 provided within this subsection. The rate increase related to  
21 nonmedicaid clients must be done to maintain the provider at the same  
22 percentage as currently required under WAC 182-550-4800.

23 (o) \$100,000 of the general fund—state appropriation for fiscal  
24 year 2018 is provided solely for the department to collaborate with  
25 tribal governments and develop a plan for establishing an evaluation  
26 and treatment facility that will specialize in providing care  
27 specifically to the American Indian and Alaska Native population. The  
28 plan must include options for maximizing federal participation and,  
29 ensure that utilization will be based on medical necessity, and  
30 identify a specific geographic location where a tribal evaluation and  
31 treatment facility will be built.

32 (p) \$1,466,000 of the general fund—state appropriation for fiscal  
33 year 2018 and \$1,663,000 of the general fund—federal appropriation  
34 are provided solely for the department to contract with community  
35 hospitals or freestanding evaluation and treatment centers to provide  
36 up to forty-eight long-term inpatient care beds as defined in RCW  
37 71.24.025. The department must seek proposals and contract directly  
38 for these services rather than contracting through behavioral health  
39 organizations. The department must coordinate with the department of

1 social and health services in developing the contract requirements,  
2 selecting contractors, and establishing processes for identifying  
3 patients that will be admitted to these facilities. The department  
4 must not use any of the amounts provided under this subsection for  
5 contracts with facilities that are subject to federal funding  
6 restrictions that apply to institutions of mental diseases, unless  
7 they have received a waiver that allows for full federal  
8 participation in these facilities.

9 (q) \$4,983,000 of the general fund—state appropriation for fiscal  
10 year 2018 and \$10,849,000 of the general fund—federal appropriation  
11 are provided solely for the department to increase medicaid  
12 capitation payments for behavioral health organizations. The  
13 department must work with the actuaries responsible for certifying  
14 behavioral health capitation rates to adjust average salary  
15 assumptions in order to implement this increase. In developing  
16 further updates for medicaid managed care rates for behavioral health  
17 services, the department must include and make available all  
18 applicable documents and analysis to legislative staff from the  
19 fiscal committees throughout the process. The department must require  
20 the actuaries to develop and submit rate ranges for each behavioral  
21 health organization prior to certification of specific rates.

22 (r) The number of beds allocated for use by behavioral health  
23 organizations at eastern state hospital shall be 192 per day. The  
24 number of nonforensic beds allocated for use by behavioral health  
25 organizations at western state hospital shall be 557 per day. In  
26 fiscal year 2019, the department must reduce the number of beds  
27 allocated for use by behavioral health organizations at western state  
28 hospital by 30 beds to allow for the repurposing of a civil ward at  
29 western state hospital to provide forensic services. The contracted  
30 beds provided under (p) of this subsection shall be allocated to the  
31 behavioral health organizations in lieu of beds at the state  
32 hospitals and be incorporated in their allocation of state hospital  
33 patient days of care for the purposes of calculating reimbursements  
34 pursuant to RCW 71.24.310. It is the intent of the legislature to  
35 continue the policy of expanding community based alternatives for  
36 long term civil commitment services that allow for state hospital  
37 beds to be prioritized for forensic patients.

38 (s) \$11,405,000 of the general fund—state appropriation for  
39 fiscal year 2018 and \$8,840,000 of the general fund—federal

1 appropriation are provided solely to maintain enhancements of  
2 community mental health services. The department must contract these  
3 funds for the operation of community programs in which the department  
4 determines there is a need for capacity that allows individuals to be  
5 diverted or transitioned from the state hospitals including but not  
6 limited to: (i) Community hospital or free standing evaluation and  
7 treatment services providing short-term detention and commitment  
8 services under the involuntary treatment act to be located in the  
9 geographic areas of the King behavioral health organization, the  
10 Spokane behavioral health organization outside of Spokane county, and  
11 the Thurston Mason behavioral health organization; (ii) one new full  
12 program of an assertive community treatment team in the King  
13 behavioral health organization and two new half programs of assertive  
14 community treatment teams in the Spokane behavioral health  
15 organization and the Pierce behavioral health organization; and (iii)  
16 three new recovery support services programs in the Great Rivers  
17 behavioral health organization, the greater Columbia behavioral  
18 health organization, and the north sound behavioral health  
19 organization. In contracting for community evaluation and treatment  
20 services, the department may not use these resources in facilities  
21 that meet the criteria to be classified under federal law as  
22 institutions for mental diseases. If the department is unable to come  
23 to a contract agreement with a designated behavioral health  
24 organization for any of the services identified above, it may  
25 consider contracting for that service in another region that has the  
26 need for such service.

27 (t) \$200,000 of the general fund—state appropriation for fiscal  
28 year 2018 is provided solely for clubhouse programs. The department  
29 must develop options and cost estimates for implementation of  
30 clubhouse programs statewide through a medicaid state plan amendment  
31 or a medicaid waiver and submit a report to the office of financial  
32 management and the appropriate committees of the legislature by  
33 December 1, 2018.

34 (u) \$212,000 of the general fund—state appropriation for fiscal  
35 year 2018 is provided solely to fund one pilot project in Pierce  
36 county and one in Yakima county to promote increased utilization of  
37 assisted outpatient treatment programs. The department shall require  
38 two behavioral health organizations to contract with local government  
39 to establish the necessary infrastructure for the programs. The  
40 department, in collaboration with the health care authority, shall

1 provide a report by October 15, 2018, to the office of financial  
2 management and the appropriate fiscal and policy committees of the  
3 legislature to include the number of individuals served, outcomes to  
4 include reduced use of inpatient treatment and state hospital stays,  
5 and recommendations for further implementation based on lessons  
6 learned and best practices identified by the pilot projects.

7 (v) The department, in collaboration with the health care  
8 authority, shall work to ensure that a single platform provider  
9 credentialing system is implemented. The authority and department  
10 shall ensure that appropriate cost offsets and cost avoidance are  
11 assumed for reduced staff time required for provider credentialing  
12 activity and reductions in improper billing activity when  
13 implementing provider credentialing systems.

14 (w) No more than \$6,464,000 of the general fund—federal  
15 appropriation may be expended for supported housing and employment  
16 services described in initiative 3a and 3b of the medicaid  
17 transformation demonstration waiver under healthier Washington. Under  
18 this initiative, the department and the health care authority shall  
19 ensure that allowable and necessary services are provided to eligible  
20 clients as identified by the department or its providers or third  
21 party administrator. The department and the authority in consultation  
22 with the medicaid forecast work group, shall ensure that reasonable  
23 reimbursements are established for services deemed necessary within  
24 an identified limit per individual. The department shall not increase  
25 general fund—state expenditures under this initiative. The secretary  
26 in collaboration with the director of the authority shall report to  
27 the joint select committee on health care oversight no less than  
28 quarterly on financial and health outcomes. The secretary in  
29 cooperation with the director shall also report to the fiscal  
30 committees of the legislature all of the expenditures of this  
31 subsection and shall provide such fiscal data in the time, manner,  
32 and form requested by the legislative fiscal committees.

The amounts provided in this subsection (2)(b) are for the salaries, benefits, supplies, and equipment for one full-time investigator, one full-time police officer, and one full-time community service officer at the city of Lakewood. The city must develop a proposal and estimated costs for developing a community policing program in the area surrounding eastern state hospital and submit the proposal to the department by September 30, 2018. The city must provide current and historical data for police services to eastern state hospital and adjacent areas which justify funding for a community

1 policing program and continued funding for base police services and a  
2 community policing program.

3 (e) \$20,883,000 of the general fund—state appropriation for  
4 fiscal year 2018 and \$33,558,000 of the general fund—state  
5 appropriation for fiscal year 2019 are provided solely for  
6 implementation of efforts to improve the timeliness of competency  
7 restoration services pursuant to chapter 5, Laws of 2015 (SSB 5889)  
8 (timeliness of competency treatment and evaluation services). These  
9 amounts must be used to maintain and further increase the number of  
10 forensic beds at western state hospital and eastern state hospital.  
11 Pursuant to chapter 7, Laws of 2015 1st sp. sess. (2E2SSB 5177)  
12 (timeliness of competency treatment and evaluation services), the  
13 department may contract some of these amounts for services at  
14 alternative locations if the secretary determines that there is a  
15 need.

16 (f) \$3,928,000 of the general fund—state appropriation for fiscal  
17 year 2018 and \$4,249,000 of the general fund—state appropriation for  
18 fiscal year 2019 are provided solely to maintain and further increase  
19 implementation of efforts to improve the timeliness of competency

22 treatment and evaluation services). This funding must be used solely  
23 to maintain increases in the number of staff providing competency  
24 evaluation services.

25 (g) \$135,000 of the general fund—state appropriation for fiscal  
26 year 2018 and \$135,000 of the general fund—state appropriation for  
27 fiscal year 2019 are provided solely for the department to hire an  
28 on-site safety compliance officer, stationed at Western State  
29 Hospital, to provide oversight and accountability of the hospital's  
30 response to safety concerns regarding the hospital's work  
31 environment.

32 (h) \$20,234,000 of the general fund—state appropriation for  
33 fiscal year 2018 and \$20,234,000 of the general fund—state  
34 appropriation for fiscal year 2019 are provided solely to meet the  
35 requirements of the systems improvement agreement with the centers  
36 for medicare and medicaid services as outlined in seven conditions of  
37 participation and to maintain federal funding. The department shall  
38 specifically account for all spending related to the agreement and  
39 reconcile it back to the original funding plan. Changes of more than

1 ten percent in any area of the spending plan must be submitted to the  
2 office of financial management for approval. The department must  
3 submit a financial analysis to the office of financial management and  
4 the appropriate committees of the legislature which compares current  
5 staffing levels at eastern and western state hospitals, at the ward  
6 level, with the specific staffing levels recommended in the state  
7 hospitals' clinical model analysis project report submitted by OTB  
8 Solutions in 2016. To the extent that the financial analysis includes  
9 any differential in staffing from what was recommended in the report,  
10 the department must clearly identify these differences and the  
11 associated costs. The department must submit the financial analysis  
12 by September 1, 2017.

13 (i) Within these amounts, the department must hire chemical

20 ~~enacted by July 31, 2017, the amounts provided in this subsection~~  
21 ~~shall lapse.))~~)

22 (k) \$34,584,000 of the general fund—state appropriation for  
23 fiscal year 2018 ~~((is))~~ and \$44,271,000 of the general fund—state  
24 appropriation for fiscal year 2019 are provided solely for increased  
25 staffing and other costs at the state hospitals that are required to  
26 maintain federal certification and compliance with federal  
27 agreements. Throughout the biennium, the department must track state  
28 hospital staffing expenditures, including the use of overtime and  
29 contracted locums, to allotments and submit monthly reports to the  
30 office of financial management. The office of financial management  
31 must review these reports and make a determination as to whether the  
32 overspending in these areas is required to maintain federal  
33 certification and compliance with federal agreements. The office of  
34 financial management must notify the department each month whether  
35 and to what level the overspending on staffing is approved and may be  
36 maintained and whether and to what level the department must reduce  
37 such expenditures. By December 2, 2018, the office of financial  
38 management must provide a report to the appropriate committees of the  
39 legislature on spending beyond appropriations for staffing at the

1 state hospitals and identify the level of overspending that has been  
2 approved and any direction provided by the office of financial  
3 management to reduce overspending on staffing that was not required  
4 to maintain federal certification and compliance with federal  
5 agreements.

6 (l) \$100,000 of the general fund—state appropriation for fiscal  
7 year 2019 is provided solely for the department to track compliance  
8 with RCW 71.05.365 requirements for transition of state hospital  
9 patients into community settings within fourteen days of the  
10 determination that they no longer require active psychiatric  
11 treatment at an inpatient level of care. The department must use  
12 these funds to track the following elements related to this  
13 requirement: (i) The date on which an individual is determined to no  
14 longer require active psychiatric treatment at an inpatient level of  
15 care; (ii) the date on which the behavioral health organizations and  
16 other organizations responsible for resource management services for  
17 the person is notified of this determination; and (iii) the date on  
18 which either the individual is transitioned to the community or has  
19 been re-evaluated and determined to again require active psychiatric  
20 treatment at an inpatient level of care. The department must provide  
21 this information in regular intervals to behavioral health  
22 organizations and other organizations responsible for resource  
23 management services. The department must summarize the information  
24 and provide a report to the office of financial management and the  
25 appropriate committees of the legislature on progress toward meeting  
26 the fourteen day standard by December 1, 2018.

27 (m) \$140,000 of the general fund—state appropriation for fiscal  
28 year 2019 is provided solely for the department and the University of  
29 Washington to begin implementation the first phase of a collaborative  
30 plan for a high-quality forensic teaching service. Indirect charges  
31 for amounts contracted to the University of Washington must not  
32 exceed ten percent. The department and the University of Washington  
33 must research and pursue behavioral health workforce education grants  
34 from federal or private foundations that could be used in support of  
35 this project. By November 1, 2018, the department, in collaboration  
36 with the University of Washington, must submit a report to the office  
37 of financial management and the appropriate committees of the  
38 legislature with a progress update, readiness to proceed to the  
39 second phase of the project, a detailed cost analysis of the second

1 phase, and identification of any federal or private grants identified  
2 and the status of those applications.

3 (n) \$12,190,000 of the general fund—state appropriation for  
4 fiscal year 2019 is provided solely for the department to develop and  
5 implement an acuity based staffing tool at western state hospital and  
6 eastern state hospital in collaboration with the hospital staffing  
7 committees. The staffing tool must be designed and implemented to  
8 identify, on a daily basis, the clinical acuity on each patient ward  
9 and determine the minimum level of direct care staff by profession to  
10 be deployed to meet the needs of the patients on each ward. The  
11 department must also continue to develop, in collaboration with the  
12 office of financial management's labor relations office, the staffing  
13 committees, and state labor unions, an overall state hospital  
14 staffing plan which looks at all positions and functions of the  
15 facilities and is informed by a review of the Oregon state hospital  
16 staffing model. \$300,000 of the amounts in this subsection are  
17 provided solely for and must be used for staff costs required to  
18 establish, monitor, track, and report monthly staffing and  
19 expenditures at the state hospitals, including overtime and use of  
20 locums, to the functional categories identified in the recommended  
21 staffing plan. The remainder of the funds must be used for direct  
22 care staffing needed in order to implement the acuity based staffing  
23 tool. The allotments and tracking of staffing and expenditures must  
24 include all areas of the state hospitals, must be done at the ward  
25 level, and must include contracted facilities providing forensic  
26 restoration services as well as the office of forensic mental health  
27 services. By September 1, 2018, the department and hospital staffing  
28 committees must submit a report to the office of financial management  
29 and the appropriate committees of the legislature that includes the  
30 following: (a) Progress in implementing the acuity based staffing  
31 tool; (b) a comparison of average daily staffing expenditures to  
32 budgeted staffing levels and the recommended state hospital staffing  
33 plan by function; and (c) metrics and facility performance for the  
34 use of overtime and extra duty pay, patient length of stay, discharge  
35 management, active treatment planning, medication administration,  
36 patient and staff aggression, and staff recruitment and retention.  
37 The department must use information gathered from implementation of  
38 the clinical staffing tool and the hospital-wide staffing model to  
39 inform and prioritize future budget requests for staffing at the  
40 state hospitals. Beginning on January 1, 2019, the department must

1 submit calendar quarterly reports to the office of financial  
2 management and the appropriate committees of the legislature which  
3 includes monitoring of monthly spending and staffing levels compared  
4 to allotments and to the recommended state hospital staffing model.  
5 These reports must include an update from the hospital staffing  
6 committees.

7 (o) \$250,000 of the general fund—state appropriation for fiscal  
8 year 2019 is provided solely for the department, in collaboration  
9 with the health care authority, to develop and implement a predictive  
10 modeling tool which identifies clients who are at high risk of future  
11 involvement with the criminal justice system and for developing a  
12 model to estimate demand for civil and forensic state hospital bed  
13 needs pursuant to the following requirements.

14 (i) The predictive modeling tool must be developed to leverage  
15 data from a variety of sources and identify factors that are strongly  
16 associated with future criminal justice involvement. By December 1,  
17 2018, the department must submit a report to the office of financial  
18 management and the appropriate committees of the legislature which  
19 describes the following: (A) The proposed data sources to be used in  
20 the predictive model and how privacy issues will be addressed; (B)  
21 modeling results including a description of measurable factors most  
22 strongly predictive of risk of future criminal justice involvement;  
23 (C) an assessment of the accuracy, timeliness, and potential  
24 effectiveness of the tool; (D) identification of interventions and  
25 strategies that can be effective in reducing future criminal justice  
26 involvement of high risk patients; and (E) the timeline for  
27 implementing processes to provide monthly lists of high-risk client  
28 to contracted managed care organizations and behavioral health  
29 organizations.

30 (ii) The model for civil and forensic state hospital bed need  
31 must be developed in consultation with staff from the office of  
32 financial management and the appropriate fiscal committees of the  
33 state legislature. The model shall incorporate factors for capacity  
34 in state hospitals as well as contracted facilities which provide  
35 similar levels of care, referral patterns, wait lists, lengths of  
36 stay, and other factors identified as appropriate for predicting the  
37 number of beds needed to meet the demand for civil and forensic state  
38 hospital services. The department must submit a report to the office  
39 of financial management and the appropriate committees of the  
40 legislature by October 1, 2018, with a description of the model and

the estimated civil and forensic state hospital bed need through the end of fiscal year 2021. The department must continue to update the model on a calendar quarterly basis and provide updates to the office of financial management and the appropriate committees of the legislature accordingly.

(p) \$20,000 of the general fund—state appropriation for fiscal year 2019 and \$8,000 of the general fund—federal appropriation are provided solely to implement Substitute Senate Bill No. 6237 (personal needs allowance) or Substitute House Bill No. 2651 (personal needs allowance). ~~((If neither bill is enacted by June 30, 2018, the amounts provided in this subsection shall lapse.))~~

(q) \$46,601,000 of the general fund—state appropriation for fiscal year 2018 ~~((is))~~ and \$19,017,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the department to pay fines, plaintiff's attorney fees, and increased court monitor costs for failing to meet court ordered timelines for competency restoration and evaluations under *Trueblood v. Department of Social and Health Services*.

(r) \$1,148,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for purposes of maintaining basic life-and-safety equipment and structures in a manner that supports a safe and compliant environment of care at the state hospitals. The department must develop a budget structure that allows for transparency in the management and monitoring of these expenditures as well as related performance and outcomes. The department must report to the office of financial management on expenditure levels and outcomes achieved at the close of each fiscal year.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible

3 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and  
4 43.135.055, the department is authorized to increase nursing  
5 facility, assisted living facility, and adult family home fees as  
6 necessary to fully support the actual costs of conducting the  
7 licensure, inspection, and regulatory programs. The license fees may  
8 not exceed the department's annual licensing and oversight activity

(e) The department may authorize a one-time waiver of all or any portion of the licensing and processing fees required under RCW 70.128.060 in any case in which the department determines that an adult family home is being relicensed because of exceptional circumstances, such as death or incapacity of a provider, and that to require the full payment of the licensing and processing fees would present a hardship to the applicant. In these situations the department is also granted the authority to waive the required residential administrator training for a period of 120 days if necessary to ensure continuity of care during the relicensing process.

(f) Community residential cost reports that are submitted by or on behalf of contracted agency providers are required to include information about agency staffing including health insurance, wages, number of positions, and turnover.

These services are intended to provide families and caregivers with a break in caregiving, the opportunity for behavioral stabilization of the child, and the ability to partner with the state in the development of an individualized service plan that allows the child to remain in his or her family home. The department must provide the legislature with a respite utilization report in January of each year that provides information about the number of children who have used enhanced respite in the preceding year, as well as the location and number of days per month that each respite bed was occupied.

(h) \$900,000 of the general fund—state appropriation for fiscal year 2018 and \$900,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the development and implementation of eight community respite beds across the state for adults. These services are intended to provide families and caregivers with a break in caregiving and the opportunity for

1 stabilization of the individual in a community-based setting as an  
2 alternative to using a residential habilitation center to provide  
3 planned or emergent respite. The department must provide the  
4 legislature with a respite utilization report by January of each year  
5 that provides information about the number of individuals who have  
6 used community respite in the preceding year, as well as the location  
7 and number of days per month that each respite bed was occupied.

8 (i) \$100,000 of the general fund—state appropriation for fiscal  
9 year 2018, \$95,000 of the general fund—state appropriation for fiscal  
10 year 2019, and \$195,000 of the general fund—federal appropriation are  
11 provided solely for discharge case managers stationed at the state  
12 psychiatric hospitals. Discharge case managers will transition  
13 clients ready for hospital discharge into less restrictive

16 hospitals.

17 (j) \$1,239,000 of the general fund—state appropriation for fiscal  
18 year 2018, \$2,055,000 of the general fund—state appropriation for

25 facility beds, adult family home beds, skilled nursing facility beds,  
26 shared supportive housing beds, state operated living alternative  
27 beds, and assisted living facility beds.

28 (ii) Each client must receive an individualized assessment prior  
29 to leaving one of the state psychiatric hospitals. The individualized  
30 assessment must identify and authorize personal care, nursing care,  
31 behavioral health stabilization, physical therapy, or other necessary  
32 services to meet the unique needs of each client. It is the  
33 expectation that, in most cases, staffing ratios in all community  
34 alternative placement options described in (j)(i) of this subsection  
35 will need to increase to meet the needs of clients leaving the state  
36 psychiatric hospitals. If specialized training is necessary to meet  
37 the needs of a client before he or she enters a community placement,  
38 then the person centered service plan must also identify and  
39 authorize this training.

1 (iii) When reviewing placement options, the department must  
2 consider the safety of other residents, as well as the safety of  
3 staff, in a facility. An initial evaluation of each placement,  
4 including any documented safety concerns, must occur within thirty  
5 days of a client leaving one of the state psychiatric hospitals and  
6 entering one of the community placement options described in (j)(i)  
7 of this subsection. At a minimum, the department must perform two  
8 additional evaluations of each placement during the first year that a  
9 client has lived in the facility.

10 (iv) During fiscal year 2018, in a presentation to the select  
11 committee on quality improvement in state hospitals, the department  
12 must describe the process of fielding and subsequently investigating  
13 complaints of abuse, neglect, and exploitation within the community  
14 alternative placement options described in (j)(i) of this subsection.  
15 At a minimum, the presentation must include data about the number of  
16 complaints, and the nature of complaints, over the preceding five  
17 fiscal years.

18 (v) During fiscal year 2019, in a presentation to the select  
19 committee on quality improvement in state hospitals, the department  
20 must provide an update about clients placed out of the state  
21 psychiatric hospitals into the community alternative placement  
22 options described in (j)(i) of this subsection. At a minimum, for  
23 each setting, the presentation must include data about the number of  
24 placements, average daily rate, complaints fielded, and complaints  
25 investigated. The presentation must also include information about  
26 modifications, including the placement of clients into alternate  
27 settings, that occurred due to the evaluations required under  
28 (j)(iii) of this subsection.

29 In developing bed capacity, the department shall consider the  
30 complex needs of individuals waiting for discharge from the state  
31 psychiatric hospitals.

32 (k) \$738,000 of the general fund—state appropriation for fiscal  
33 year 2018, \$1,963,000 of the general fund—state appropriation for  
34 fiscal year 2019, and \$2,701,000 of the general fund—federal  
35 appropriation are provided solely for expanding the number of clients  
36 receiving services under the basic plus medicaid waiver.

38 graduate from high school during the 2017-2019 fiscal biennium and  
39 will receive employment services under this expansion.

The amounts in this subsection (1)(l) include funding to increase the benchmark rate by the following amounts:

(i) \$1.25 per hour effective July 1, 2017, and;

(ii) An additional \$1.00 per hour effective July 1, 2018.

The amounts provided in this subsection must be used to improve the recruitment and retention of quality direct care staff to better protect the health and safety of clients with developmental disabilities.

(m) Respite personal care provided by individual providers to developmental disabilities administration clients, as authorized by the department and accessed by clients through a medicaid waiver, must be funded in maintenance level of the operating budget on the basis of actual and forecasted client utilization.

21 exploitation;

22 (viii) Identify other policy options and recommendations to help  
23 communities adapt to the aging demographic in planning for housing,  
24 land use, and transportation; and

25 (ix) Identify ways to support individuals with developmental  
26 disabilities with long-term care needs who are enrolled members of a  
27 federally recognized Indian tribe, or residing in the household of an  
28 enrolled members of a federally recognized Indian tribe, and are  
29 receiving care from a family member.

30 (c) At least one committee meeting must be devoted to the  
31 exploration of legislation that would allow family members to provide  
32 personal care services to persons with developmental disabilities or  
33 long-term care needs under a voluntary consumer-directed medicaid  
34 service program. During the meeting, the committee should hear  
35 testimony from as many impacted parties as possible, including  
36 clients, providers, advocacy groups, and staff from state agencies.  
37 Testimony should explore program design, program oversight, necessary  
38 statutory changes, barriers to implementation, fiscal estimates, and  
39 timeline for implementation.

1 (d) Staff support for the committee shall be provided by the  
2 office of program research, senate committee services, the office of  
3 financial management, and the department of social and health  
4 services.

5 (e) Within existing appropriations, the cost of meetings must be  
6 paid jointly by the senate, house of representatives, and the office  
7 of financial management. Joint committee expenditures are subject to  
8 approval by the senate facilities and operations committee and the  
9 house of representatives executive rules committee, or their  
10 successor committees. The joint committee members may be reimbursed  
11 for travel expenses as authorized under RCW 43.03.050 and 43.03.060,  
12 and chapter 44.04 RCW as appropriate. Advisory committee members may  
13 not receive compensation or reimbursement for travel and expenses.

14 (14)(a) The department of social and health services must  
15 facilitate a stakeholder work group consisting of assisted living  
16 provider associations and the state long-term care ombuds in a  
17 collaborative effort to redesign the medicaid payment methodology for  
18 contracted assisted living, adult residential care, and enhanced  
19 adult residential care. The department must submit a report with the  
20 final work group recommendations to the appropriate legislative  
21 committees by November 30, 2017. A proposed timeline for  
22 implementation of the new methodology must be included in the report.  
23 The new methodology must:

24 (i) Adhere to the standards of an acuity-based payment system as  
25 originally intended by the legislature, and the department will rely  
26 on the time study conducted in 2003 in establishing the acuity scale;

27 (ii) Create a standardized methodology that supports a reasonable  
28 medicaid payment that promotes access, choice, and quality;

29 (iii) Incorporate metrics such as medians, lids, floors, and  
30 other options that provide flexibility to adjust to economic  
31 conditions while maintaining the integrity of the methodology;

32 (iv) Be supported by relevant, reliable, verifiable, and  
33 independent data to the extent possible; and

34 (v) To the extent possible, repurpose and streamline data sources  
35 and modeling that the aging and long-term support administration uses  
36 for other rate-setting processes.

37 (b) In developing payment metrics for medicaid-covered services,  
38 staff and service requirements must be reviewed for assisted living,  
39 adult residential care, and enhanced adult residential care as  
40 described in chapters 74.39A and 18.20 RCW. At a minimum, the

1 proposed rate methodology must include a component that recognizes  
2 staffing for intermittent nursing and personal care services. Service  
3 area adjustments based on population density must be reviewed and  
4 compared with other options to recognize high-cost areas. The most  
5 recent and complete wage data available through the bureau of labor  
6 statistics must also be included for review and consideration. The  
7 methodology work group must consider operational requirements and  
8 indirect services in developing the model. The work group must  
9 include a rate component that recognizes statutory and regulatory  
10 physical plant requirements. The work group must review and consider  
11 physical plant requirements for assisted living as described in  
12 chapter 51.50 RCW. A fair rental valuation must be reviewed and  
13 considered as an option for the capital component. The recognition of  
14 food for medicaid residents must also be included in the work group  
15 considerations. The department's current methodology to address room  
16 and board requirements, and the appropriateness of the continued use  
17 of the 2003 time study and whether it can be reasonably adjusted or  
18 whether a new time study should be conducted, must be reviewed and  
19 considered by the work group.

20 (15) Within amounts appropriated in this section, the department  
21 must pay medicaid nursing facility payment rates for public hospital  
22 district providers in rural communities as defined under chapter  
23 70.44 RCW that are no less than June 30, 2016, reimbursement levels.  
24 This action is intended to assure continued access to essential  
25 services in rural communities.

26 (16) \$5,370,000 of the general fund—state appropriation for  
27 fiscal year 2018, \$10,199,000 of the general fund—state appropriation  
28 for fiscal year 2019, and \$18,346,000 of the general fund—federal  
29 appropriation are provided solely for a targeted vendor rate increase  
30 to contracted client service providers.

31 (a) Within the amounts provided in this subsection, \$2,763,000 of  
32 the general fund—state appropriation for fiscal year 2018, \$5,741,000  
33 of the general fund—state appropriation for fiscal year 2019, and  
34 \$9,775,000 of the general fund—federal appropriation are provided  
35 solely for a vendor rate increase of two percent in fiscal year 2018  
36 and an additional two percent in fiscal year 2019 for all contracted  
37 vendors with the exception of nursing home providers, the program of  
38 all-inclusive care for the elderly, nurse delegators, community

1 residential service providers, individual providers, agency  
2 providers, and adult family homes.

3 (b) Within the amounts provided in this subsection, \$2,607,000 of  
4 the general fund—state appropriation for fiscal year 2018, \$4,458,000  
5 of the general fund—state appropriation for fiscal year 2019, and  
6 \$8,571,000 of the general fund—federal appropriation are provided  
7 solely to increase vendor rates for nursing homes, assisted living  
8 facilities including adult residential care and enhanced adult  
9 residential care, adult day health and adult day care providers, and

11 to the statewide minimum wage established in Initiative Measure No.  
12 1433.

13 (17) \$4,815,000 of the general fund—state appropriation for  
14 fiscal year 2018, \$8,527,000 of the general fund—state appropriation  
15 for fiscal year 2019, and \$12,277,000 of the general fund—federal  
16 appropriation are provided solely to create new community alternative  
17 placement beds that prioritize the transition of clients who are  
18 ready for discharge from the state psychiatric hospitals, but who  
19 have additional long-term care or developmental disability needs.

20 (a) Community alternative placement beds include enhanced service  
21 facility beds, adult family home beds, skilled nursing facility beds,  
22 shared supportive housing beds, state operated living alternative  
23 beds, and assisted living facility beds.

24 (b) Each client must receive an individualized assessment prior  
25 to leaving one of the state psychiatric hospitals. The individualized  
26 assessment must identify and authorize personal care, nursing care,  
27 behavioral health stabilization, physical therapy, or other necessary  
28 services to meet the unique needs of each client. It is the  
29 expectation that, in most cases, staffing ratios in all community  
30 alternative placement options described in (a) of this subsection  
31 will need to increase to meet the needs of clients leaving the state  
32 psychiatric hospitals. If specialized training is necessary to meet  
33 the needs of a client before he or she enters a community placement,  
34 then the person centered service plan must also identify and  
35 authorize this training.

36 (c) When reviewing placement options, the department must  
37 consider the safety of other residents, as well as the safety of  
38 staff, in a facility. An initial evaluation of each placement,  
39 including any documented safety concerns, must occur within thirty

1 days of a client leaving one of the state psychiatric hospitals and  
2 entering one of the community placement options described in (a) of  
3 this subsection. At a minimum, the department must perform two  
4 additional evaluations of each placement during the first year that a  
5 client has lived in the facility.

6 (d) During fiscal year 2018, in a presentation to the select  
7 committee on quality improvement in state hospitals, the department  
8 must describe the process of fielding and subsequently investigating  
9 complaints of abuse, neglect, and exploitation within the community  
10 alternative placement options described in (a) of this subsection. At  
11 a minimum, the presentation must include data about the number of  
12 complaints, and the nature of complaints, over the preceding five  
13 fiscal years.

14 (e) During fiscal year 2019, in a presentation to the select  
15 committee on quality improvement in state hospitals, the department  
16 must provide an update about clients placed out of the state  
17 psychiatric hospitals into the community alternative placement  
18 options described in (a) of this subsection. At a minimum, for each  
19 setting, the presentation must include data about the number of  
20 placements, average daily rate, complaints fielded, and complaints  
21 investigated. The presentation must also include information about  
22 modifications, including the placement of clients into alternate  
23 settings, that occurred due to the evaluations required under (c) of  
24 this subsection.

25 In developing bed capacity, the department shall consider the  
26 complex needs of individuals waiting for discharge from the state  
27 psychiatric hospitals.

28 (18) \$315,000 of the general fund—state appropriation for fiscal  
29 year 2018, \$315,000 of the general fund—state appropriation for  
30 fiscal year 2019, and \$630,000 of the general fund—federal  
31 appropriation are provided solely for discharge case managers  
32 stationed at the state psychiatric hospitals. Discharge case managers  
33 will transition clients ready for hospital discharge into less  
34 restrictive alternative community placements. The transition of  
35 clients ready for discharge will free up bed capacity at the state  
36 psychiatric hospitals.

37 (19) \$135,000 of the general fund—state appropriation for fiscal  
38 year 2018, \$135,000 of the general fund—state appropriation for  
39 fiscal year 2019, and \$270,000 of the general fund—federal

1 appropriation are provided solely for financial service specialists  
2 stationed at the state psychiatric hospitals. Financial service

6 hospitals.

7 (20) \$5,007,000 of the general fund—state appropriation for

3 to the governor and appropriate committees of the legislature by  
4 November 15, 2018, and by November 15, 2019, including a comparison  
5 of the amount spent in the previous two fiscal years to expenditures  
6 under the new system by, at a minimum, fund source, total  
7 expenditure, drug class, and top twenty-five drugs. The data provided  
8 to the authority shall be aggregated in any report by the authority,  
9 the legislature, or the office of financial management so as not to  
10 disclose the proprietary or confidential drug-specific information,  
11 or the proprietary or confidential information that directly or  
12 indirectly identifies financial information linked to a single  
13 manufacturer. It is the intent of the legislature to revisit this  
14 policy in subsequent biennia to determine whether it is in the best  
15 interest of the state.

16 (b) \$113,356,000 of the general fund—state appropriation for  
17 fiscal year 2018 and \$140,578,000 of the general fund—state  
18 appropriation for fiscal year 2019 are provided solely for managed  
19 care capitation payments.

20 (c) \$122,244,000 of the general fund—state appropriation for  
21 fiscal year 2018 and ~~(((\$116,038,000))~~ \$96,640,000 of the general fund  
22 —state appropriation for fiscal year 2019 are provided solely for  
23 ~~((the authority through the competitive procurement process, to~~  
24 ~~contract with licensed dental health plans or managed health care~~  
25 ~~plans on a prepaid or fixed-sum risk basis to provide carved-out~~  
26 ~~managed dental care services on a statewide basis that will result in~~  
27 ~~greater efficiency and will facilitate better access and oral health~~  
28 ~~outcomes for medicaid enrollees. Except in areas where only a single~~  
29 ~~plan is available, the authority must contract with at least two~~  
30 ~~plans. The authority shall include in the contracts: (i) Quarterly~~  
31 ~~reporting requirements to include medicaid utilization and encounter~~  
32 ~~data by current dental technology (CDT) code; (ii) a direction to~~  
33 ~~increase the dental provider network; (iii) a commitment to retain~~  
34 ~~innovative programs that improve access and care such as the access~~  
35 ~~to baby and child dentistry program; (iv) a program to reduce~~  
36 ~~emergency room use for dental purposes; (v) a requirement to ensure~~  
37 ~~that dental care is being coordinated with the primary care provider~~  
38 ~~of the patient to ensure integrated care; (vi) a provision that no~~  
39 ~~less than eighty-five percent of the contracting fee be used to~~

1 directly offset the cost of providing direct patient care as opposed  
2 to administrative costs; and (vii) a provision to ensure the  
3 contracting fee shall be sufficient to compensate county health  
4 departments and federally qualified health centers for dental patient  
5 care. The plan(s) awarded this contract must absorb all start-up  
6 costs associated with moving the program from fee-for-service to  
7 managed care and shall commit to achieving an overall savings to the  
8 program based on 2016 fee-for-service experience. In order to comply  
9 with state insurance underwriting standards, the authority shall  
10 ensure that savings offered by dental plans are actuarially sound.  
11 Starting January 31, 2019, and every year thereafter through December  
12 2024, the authority shall submit an annual report to the governor and  
13 the appropriate committees of the legislature detailing how the  
14 contracted entities have met the requirements of the contract. The  
15 report shall include specific information to include utilization, how  
16 the contracted entities have increased their dental provider  
17 networks, how the emergency room use for dental purposes has been  
18 reduced, and how dental care has been integrated with patients'  
19 primary care providers. If after the end of five years the data  
20 reported does not demonstrate sufficient progress to address the  
21 stated contracted goals, the legislature will reevaluate whether  
22 carved-out dental managed care needs to be replaced with a different  
23 delivery model. The authority is authorized to seek any necessary  
24 state plan amendments or federal waivers to implement this  
25 subsection. Additional dental program savings achieved by the plans  
26 beyond those assumed in the 2017-2019 omnibus appropriations act will  
27 be used to increase dental provider reimbursement rates. By October  
28 30, 2018, the authority shall report to the governor and the  
29 appropriate committees of the legislature anticipated savings related  
30 to reduction in dental emergency department visits and utilization  
31 once managed care dental coverage begins)) fee-for-service dental  
32 services. The authority must provide these services through fee-for-  
33 service and may not proceed with either a carved-out or carved-in  
34 managed care dental option. Any contracts that have been procured or  
35 that are in the process of being procured shall not be entered into  
36 or implemented.

37 (d) \$1,505,087,000 of the general fund—state appropriation for  
38 fiscal year 2018 and \$1,538,030,000 of the general fund—state  
39 appropriation for fiscal year 2019 are provided solely for medicaid  
40 services and the medicaid program. However, the authority shall not

1 accept or expend any federal funds received under a medicaid  
2 transformation waiver under healthier Washington except as described  
3 in (e) and (f) of this subsection until specifically approved and  
4 appropriated by the legislature. To ensure compliance with  
5 legislative directive budget requirements and terms and conditions of  
6 the waiver, the authority shall implement the waiver and reporting  
7 requirements with oversight from the office of financial management.  
8 The legislature finds that appropriate management of the innovation  
9 waiver requires better analytic capability, transparency,  
10 consistency, timeliness, accuracy, and lack of redundancy with other  
11 established measures and that the patient must be considered first  
12 and foremost in the implementation and execution of the demonstration  
13 waiver. In order to effectuate these goals, the authority shall: (i)  
14 Require the Dr. Robert Bree collaborative and the health technology  
15 assessment program to reduce the administrative burden upon providers  
16 by only requiring performance measures that are nonduplicative of  
17 other nationally established measures. The joint select committee on  
18 health care oversight will evaluate the measures chosen by the  
19 collaborative and the health technology assessment program for  
20 effectiveness and appropriateness; (ii) develop a patient  
21 satisfaction survey with the goal to gather information about whether  
22 it was beneficial for the patient to use the center of excellence  
23 location in exchange for additional out-of-pocket savings; (iii)  
24 ensure patients and health care providers have significant input into  
25 the implementation of the demonstration waiver, in order to ensure  
26 improved patient health outcomes; and (iv) in cooperation with the  
27 department of social and health services, consult with and provide  
28 notification of work on applications for federal waivers, including  
29 details on waiver duration, financial implications, and potential  
30 future impacts on the state budget, to the joint select committee on  
31 health care oversight prior to submitting waivers for federal  
32 approval. By federal standard, the medicaid transformation  
33 demonstration waiver shall not exceed the duration originally granted  
34 by the centers for medicare and medicaid services and any programs  
35 created or funded by this waiver do not create an entitlement.  
36 Beginning May 15, 2019, and continuing through December 15, 2019, by  
37 the 15th of each month, the director in consultation with the  
38 secretary shall report to the fiscal chair of the appropriate  
39 committees of the legislature in the manner and form requested the

1 status of the medicaid transformation waiver, including any  
2 anticipated or proposed changes to accruals or expenditures.

3 (e) No more than \$486,683,000 of the general fund—federal  
4 appropriation and no more than \$129,103,000 of the general fund—local  
5 appropriation may be expended for transformation through accountable  
6 communities of health described in initiative 1 of the medicaid  
7 transformation demonstration wavier under healthier Washington,  
8 including preventing youth drug use, opioid prevention and treatment,  
9 and physical and behavioral health integration. Under this  
10 initiative, the authority shall take into account local input  
11 regarding community needs. In order to ensure transparency to the  
12 appropriate fiscal committees of the legislature, the authority shall  
13 provide fiscal staff of the legislature query ability into any  
14 database of the fiscal intermediary that authority staff would be  
15 authorized to access. The authority shall not increase general fund—  
16 state expenditures under this initiative. The director shall report  
17 to the joint select committee on health care oversight no less than  
18 quarterly, and include details for each accountable community of  
19 health, on the financial status and measurable health outcomes. The  
20 director shall also report to the fiscal committees of the  
21 legislature all of the expenditures under this subsection and shall  
22 provide such fiscal data in the time, manner, and form requested by  
23 the legislative fiscal committees. By December 15, 2019, the  
24 authority in collaboration with each accountable community of health  
25 shall demonstrate how it will be self-sustaining by the end of the  
26 demonstration waiver period, including sources of outside funding,  
27 and provide this reporting to the joint select committee on health  
28 care oversight. If by the third year of the demonstration waiver  
29 there are not measurable, improved patient outcomes and financial  
30 returns, the Washington state institute for public policy will  
31 conduct an audit of the accountable communities of health, in  
32 addition to the process set in place through the independent  
33 evaluation required by the agreement with centers for medicare and  
34 medicaid services. Prior to the 2018 legislative session, the human  
35 services, health care, and judiciary committees of the legislature  
36 will convene a joint work session to review models in the delivery  
37 system and the impacts on medical liability. The work sessions should  
38 include integrated delivery models with multiple health care  
39 providers and medical malpractice insurance carriers.

1 (f) No more than \$38,425,000 of the general fund—federal  
2 appropriation may be expended for supported housing and employment  
3 services described in initiative 3a and 3b of the medicaid  
4 transformation demonstration waiver under healthier Washington. Under  
5 this initiative, the authority and the department of social and  
6 health services shall ensure that allowable and necessary services  
7 are provided to eligible clients as identified by the department or  
8 its third party administrator. The authority and the department in  
9 consultation with the medicaid forecast work group, shall ensure that  
10 reasonable reimbursements are established for services deemed  
11 necessary within an identified limit per individual. The authority  
12 shall not increase general fund—state expenditures under this  
13 initiative. The director shall report to the joint select committee  
14 on health care oversight no less than quarterly on financial and  
15 health outcomes. The director shall also report to the fiscal  
16 committees of the legislature all of the expenditures of this  
17 subsection and shall provide such fiscal data in the time, manner,  
18 and form requested by the legislative fiscal committees.

19 (g) No later than November 1, 2018, and each year thereafter, the  
20 authority shall report to the governor and appropriate committees of  
21 the legislature: (i) Savings attributed to behavioral and physical  
22 integration in areas that are scheduled to integrate in the following  
23 calendar year, and (ii) savings attributed to behavioral and physical  
24 health integration and the level of savings achieved in areas that  
25 have integrated behavioral and physical health.

26 (h) Sufficient amounts are appropriated in this subsection to  
27 implement the medicaid expansion as defined in the social security  
28 act, section 1902(a)(10)(A)(i)(VIII).

29 (i) The legislature finds that medicaid payment rates, as  
30 calculated by the health care authority pursuant to the  
31 appropriations in this act, bear a reasonable relationship to the  
32 costs incurred by efficiently and economically operated facilities  
33 for providing quality services and will be sufficient to enlist  
34 enough providers so that care and services are available to the  
35 extent that such care and services are available to the general  
36 population in the geographic area. The legislature finds that the  
37 cost reports, payment data from the federal government, historical  
38 utilization, economic data, and clinical input constitute reliable  
39 data upon which to determine the payment rates.

1 (j) Based on quarterly expenditure reports and caseload  
2 forecasts, if the health care authority estimates that expenditures  
3 for the medical assistance program will exceed the appropriations,  
4 the health care authority shall take steps including but not limited  
5 to reduction of rates or elimination of optional services to reduce  
6 expenditures so that total program costs do not exceed the annual  
7 appropriation authority.

8 (k) In determining financial eligibility for medicaid-funded  
9 services, the health care authority is authorized to disregard  
10 recoveries by Holocaust survivors of insurance proceeds or other  
11 assets, as defined in RCW 48.104.030.

12 (l) The legislature affirms that it is in the state's interest  
13 for Harborview medical center to remain an economically viable  
14 component of the state's health care system.

15 (m) When a person is ineligible for medicaid solely by reason of  
16 residence in an institution for mental diseases, the health care  
17 authority shall provide the person with the same benefits as he or  
18 she would receive if eligible for medicaid, using state-only funds to  
19 the extent necessary.

20 (n) \$4,261,000 of the general fund—state appropriation for fiscal  
21 year 2018, \$4,261,000 of the general fund—state appropriation for  
22 fiscal year 2019, and \$8,522,000 of the general fund—federal  
23 appropriation are provided solely for low-income disproportionate  
24 share hospital payments.

25 (o) Within the amounts appropriated in this section, the health  
26 care authority shall provide disproportionate share hospital payments  
27 to hospitals that provide services to children in the children's  
28 health program who are not eligible for services under Title XIX or  
29 XXI of the federal social security act due to their citizenship  
30 status.

31 (p) \$6,000,000 of the general fund—federal appropriation is  
32 provided solely for supplemental payments to nursing homes operated  
33 by public hospital districts. The public hospital district shall be  
34 responsible for providing the required nonfederal match for the  
35 supplemental payment, and the payments shall not exceed the maximum  
36 allowable under federal rules. It is the legislature's intent that  
37 the payments shall be supplemental to and shall not in any way offset  
38 or reduce the payments calculated and provided in accordance with  
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement  
2 against payments under chapter 74.46 RCW shall not be disallowed  
3 solely because such costs have been paid by revenues retained by the  
4 nursing home from these supplemental payments. The supplemental  
5 payments are subject to retrospective interim and final cost  
6 settlements based on the nursing homes' as-filed and final medicare  
7 cost reports. The timing of the interim and final cost settlements  
8 shall be at the health care authority's discretion. During either the  
9 interim cost settlement or the final cost settlement, the health care  
10 authority shall recoup from the public hospital districts the  
11 supplemental payments that exceed the medicaid cost limit and/or the  
12 medicare upper payment limit. The health care authority shall apply  
13 federal rules for identifying the eligible incurred medicaid costs  
14 and the medicare upper payment limit.

15 (q) The health care authority shall continue the inpatient  
16 hospital certified public expenditures program for the 2017-2019  
17 fiscal biennium. The program shall apply to all public hospitals,  
18 including those owned or operated by the state, except those  
19 classified as critical access hospitals or state psychiatric  
20 institutions. The health care authority shall submit reports to the  
21 governor and legislature by November 1, 2017, and by November 1,  
22 2018, that evaluate whether savings continue to exceed costs for this  
23 program. If the certified public expenditures (CPE) program in its  
24 current form is no longer cost-effective to maintain, the health care  
25 authority shall submit a report to the governor and legislature  
26 detailing cost-effective alternative uses of local, state, and  
27 federal resources as a replacement for this program. During fiscal  
28 year 2018 and fiscal year 2019, hospitals in the program shall be  
29 paid and shall retain one hundred percent of the federal portion of  
30 the allowable hospital cost for each medicaid inpatient fee-for-  
31 service claim payable by medical assistance and one hundred percent  
32 of the federal portion of the maximum disproportionate share hospital  
33 payment allowable under federal regulations. Inpatient medicaid  
34 payments shall be established using an allowable methodology that  
35 approximates the cost of claims submitted by the hospitals. Payments  
36 made to each hospital in the program in each fiscal year of the  
37 biennium shall be compared to a baseline amount. The baseline amount  
38 will be determined by the total of (i) the inpatient claim payment  
39 amounts that would have been paid during the fiscal year had the  
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the  
2 2017-2019 biennial operating appropriations act and in effect on July  
3 1, 2015, (ii) one-half of the indigent assistance disproportionate  
4 share hospital payment amounts paid to and retained by each hospital  
5 during fiscal year 2005, and (iii) all of the other disproportionate  
6 share hospital payment amounts paid to and retained by each hospital  
7 during fiscal year 2005 to the extent the same disproportionate share  
8 hospital programs exist in the 2017-2019 fiscal biennium. If payments  
9 during the fiscal year exceed the hospital's baseline amount, no  
10 additional payments will be made to the hospital except the federal  
11 portion of allowable disproportionate share hospital payments for  
12 which the hospital can certify allowable match. If payments during  
13 the fiscal year are less than the baseline amount, the hospital will  
14 be paid a state grant equal to the difference between payments during  
15 the fiscal year and the applicable baseline amount. Payment of the  
16 state grant shall be made in the applicable fiscal year and  
17 distributed in monthly payments. The grants will be recalculated and  
18 redistributed as the baseline is updated during the fiscal year. The  
19 grant payments are subject to an interim settlement within eleven  
20 months after the end of the fiscal year. A final settlement shall be  
21 performed. To the extent that either settlement determines that a  
22 hospital has received funds in excess of what it would have received  
23 as described in this subsection, the hospital must repay the excess  
24 amounts to the state when requested. \$359,000 of the general fund—  
25 state appropriation for fiscal year 2018 and (~~(\$361,000)~~) \$553,000 of  
26 the general fund—state appropriation for fiscal year 2019 are  
27 provided solely for state grants for the participating hospitals.

28 (r) The health care authority shall seek public-private  
29 partnerships and federal funds that are or may become available to  
30 provide on-going support for outreach and education efforts under the  
31 federal children's health insurance program reauthorization act of  
32 2009.

33 (s) The health care authority shall target funding for maternity  
34 support services towards pregnant women with factors that lead to  
35 higher rates of poor birth outcomes, including hypertension, a  
36 preterm or low birth weight birth in the most recent previous birth,  
37 a cognitive deficit or developmental disability, substance abuse,  
38 severe mental illness, unhealthy weight or failure to gain weight,  
39 tobacco use, or African American or Native American race. The health  
40 care authority shall prioritize evidence-based practices for delivery

1 of maternity support services. To the extent practicable, the health  
2 care authority shall develop a mechanism to increase federal funding  
3 for maternity support services by leveraging local public funding for  
4 those services.

5 (t) The authority shall submit reports to the governor and the  
6 legislature by September 15, 2018, and no later than September 15,  
7 2019, that delineate the number of individuals in medicaid managed  
8 care, by carrier, age, gender, and eligibility category, receiving  
9 preventative services and vaccinations. The reports should include  
10 baseline and benchmark information from the previous two fiscal years  
11 and should be inclusive of, but not limited to, services recommended  
12 under the United States preventative services task force, advisory  
13 committee on immunization practices, early and periodic screening,  
14 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
15 preventative and vaccination medicaid guidelines and requirements.

16 (u) Managed care contracts must incorporate accountability  
17 measures that monitor patient health and improved health outcomes,  
18 and shall include an expectation that each patient receive a wellness  
19 examination that documents the baseline health status and allows for  
20 monitoring of health improvements and outcome measures.

21 (v) Sufficient amounts are appropriated in this section for the  
22 authority to provide an adult dental benefit.

23 (w) The health care authority shall coordinate with the  
24 department of social and health services to provide referrals to the  
25 Washington health benefit exchange for clients that will be  
26 ineligible for medicaid.

27 (x) To facilitate a single point of entry across public and  
28 medical assistance programs, and to maximize the use of federal  
29 funding, the health care authority, the department of social and  
30 health services, and the health benefit exchange will coordinate  
31 efforts to expand HealthPlanfinder access to public assistance and  
32 medical eligibility staff. The health care authority shall complete  
33 medicaid applications in the HealthPlanfinder for households  
34 receiving or applying for medical assistance benefits.

35 (y) \$90,000 of the general fund—state appropriation for fiscal  
36 year 2018, \$90,000 of the general fund—state appropriation for fiscal  
37 year 2019, and \$180,000 of the general fund—federal appropriation are  
38 provided solely to continue operation by a nonprofit organization of

1 a toll-free hotline that assists families to learn about and enroll  
2 in the apple health for kids program.

3 (z) The appropriations in this section reflect savings and  
4 efficiencies by transferring children receiving medical care provided  
5 through fee-for-service to medical care provided through managed  
6 care.

7 (aa) Within the amounts appropriated in this section, the  
8 authority shall reimburse for primary care services provided by  
9 naturopathic physicians.

10 (bb) Within the amounts appropriated in this section, the  
11 authority shall continue to provide coverage for pregnant teens that  
12 qualify under existing pregnancy medical programs, but whose  
13 eligibility for pregnancy related services would otherwise end due to  
14 the application of the new modified adjusted gross income eligibility  
15 standard.

16 (cc) Sufficient amounts are appropriated in this section to  
17 remove the mental health visit limit and to provide the shingles  
18 vaccine and screening, brief intervention, and referral to treatment  
19 benefits that are available in the medicaid alternative benefit plan  
20 in the classic medicaid benefit plan.

21 (dd) The authority shall use revenue appropriated from the  
22 dedicated marijuana fund for contracts with community health centers  
23 under RCW 69.50.540 in lieu of general fund—state payments to  
24 community health centers for services provided to medical assistance  
25 clients, and it is the intent of the legislature that this policy  
26 will be continued in subsequent fiscal biennia.

27 (ee) \$127,000 of the general fund—state appropriation for fiscal  
28 year 2018 and \$1,144,000 of the general fund—federal appropriation  
29 are provided solely to the ProviderOne provider overtime project and  
30 are subject to the conditions, limitations, and review provided in  
31 section 724 of this act.

32 (ff) \$175,000 of the general fund—state appropriation for fiscal  
33 year 2018 and \$825,000 of the general fund—federal appropriation are  
34 provided solely to the ProviderOne CORE operating rules project and  
35 are subject to the conditions, limitations, and review provided in  
36 section 724 of this act.

37 (gg) \$1,483,000 of the general fund—state appropriation for  
38 fiscal year 2018, \$1,594,000 of the general fund—state appropriation  
39 for fiscal year 2019, and \$1,509,000 of the general fund—federal

1 appropriation are provided for a rate increase effective July 1,  
2 2018, and for performance payments to reward successful beneficiary  
3 engagement in the health homes program for fee-for-service enrollees  
4 and these are the maximum amounts in each fiscal year the authority  
5 may expend for this purpose.

6 (hh) \$450,000 of the general fund—state appropriation for fiscal  
7 year 2018, \$450,000 of the general fund—state appropriation for  
8 fiscal year 2019, and \$1,058,000 of the general fund—federal  
9 appropriation are provided solely for the authority to hire ten nurse  
10 case managers to coordinate medically assisted treatment and

21 managed health care systems. The work group shall identify barriers  
22 that may prevent skilled nursing facilities from accepting and  
23 admitting clients from acute care hospitals in a timely and  
24 appropriate manner. The work group shall consider what additional  
25 resources are needed to allow for faster transfers of enrollees,  
26 including those with complex needs. By December 1, 2017, the  
27 authority shall report the work group's findings to the governor and  
28 the appropriate committees of the legislature.

29 (kk) Within the amounts appropriated within this section, the  
30 authority shall implement the plan to show how improved access to  
31 home health nursing reduces potentially preventable readmissions,  
32 increases access to care, reduces hospital length of stay, and  
33 prevents overall hospital admissions for clients receiving private  
34 duty nursing, medically intensive care, or home health benefits as  
35 described in their report to the legislature dated December 15, 2016,  
36 entitled home health nursing. The authority shall report to the  
37 governor and appropriate committees of the legislature by December  
38 31, 2017, information regarding the effect of the ten dollar rate  
39 increases for skilled nursing care delivered via private duty nursing

1 or home health nursing, and how the rate changes impacted the  
2 utilization and cost of emergency room visits, reduced the length of  
3 stay for initial hospital admissions, and reduced utilization and  
4 costs of preventable hospital readmissions. The report will quantify  
5 potential cost saving opportunities that may exist through improved

1       The appropriations in this subsection are subject to the  
2 following conditions and limitations:

3       (a) For the purposes of this subsection, amounts provided for  
4 behavioral health organizations shall also be available for the  
5 health care authority to contract with entities that assume the

14 intensity programs for assertive community treatment (PACT) teams. In  
15 determining the proportion of medicaid and nonmedicaid funding  
16 provided to behavioral health organizations with PACT teams, the  
17 authority shall consider the differences between behavioral health  
18 organizations in the percentages of services and other costs  
19 associated with the teams that are not reimbursable under medicaid.  
20 The authority may allow behavioral health organizations which have  
21 nonmedicaid reimbursable costs that are higher than the nonmedicaid  
22 allocation they receive under this section to supplement these funds  
23 with local dollars or funds received under (f) of this subsection.  
24 The authority and behavioral health organizations shall maintain  
25 consistency with all essential elements of the PACT evidence-based  
26 practice model in programs funded under this section.

27       (c) From the general fund—state appropriations in this

32 health organization consumers use because of their psychiatric  
33 disability.

34       (d) \$1,760,000 of the general fund—federal appropriation is  
35 provided solely for the authority to maintain a pilot project to put  
36 peer bridging staff into each behavioral health organization as part  
37 of the state psychiatric liaison teams to promote continuity of  
38 service as individuals return to their communities.

1 (e) \$6,858,000 of the general fund—state appropriation for fiscal  
2 year 2019 and \$4,023,000 of the general fund—federal appropriation  
3 are provided solely for new crisis triage or stabilization centers.  
4 The authority must seek proposals from behavioral health  
5 organizations for the use of these funds based on regional  
6 priorities. Services in these facilities may include crisis  
7 stabilization and intervention, individual counseling, peer support,  
8 medication management, education, and referral assistance. The  
9 authority shall monitor each center's effectiveness at lowering the  
10 rate of state psychiatric hospital admissions.

11 (f) \$81,930,000 of the general fund—state appropriation for  
12 fiscal year 2019 is provided solely for persons and services not  
13 covered by the medicaid program. To the extent possible, levels of  
14 behavioral health organization spending must be maintained in the  
15 following priority order: Crisis and commitment services; community  
16 inpatient services; and residential care services, including personal  
17 care and emergency housing assistance. These amounts must be  
18 distributed to behavioral health organizations proportionate to the  
19 fiscal year 2017 allocation of flexible nonmedicaid funds. The  
20 authority must include the following language in medicaid contracts  
21 with behavioral health organizations unless they are provided formal  
22 notification from the center for medicaid and medicare services that  
23 the language will result in the loss of federal medicaid  
24 participation: "The contractor may voluntarily provide services that  
25 are in addition to those covered under the state plan, although the  
26 cost of these services cannot be included when determining payment  
27 rates unless including these costs are specifically allowed under  
28 federal law or an approved waiver."

29 (g) The authority is authorized to continue to contract directly,  
30 rather than through contracts with behavioral health organizations  
31 for children's long-term inpatient facility services.

32 (h) \$1,125,000 of the general fund—state appropriation for fiscal  
33 year 2019 is provided solely for the Spokane county behavioral health

37 utilizers of psychiatric inpatient services, including those with co-

6 treating those individuals; and

7 (iv) Services at the sixteen-bed evaluation and treatment  
8 facility.

9 At least annually, the Spokane county behavioral health  
10 organization shall assess the effectiveness of these services in  
11 reducing utilization at eastern state hospital, identify services  
12 that are not optimally effective, and modify those services to  
13 improve their effectiveness.

14 (i) \$1,204,000 of the general fund—state appropriation for fiscal  
15 year 2019 is provided solely to reimburse Pierce and Spokane counties  
16 for the cost of conducting one hundred eighty-day commitment hearings  
17 at the state psychiatric hospitals.

18 (j) Behavioral health organizations may use local funds to earn  
19 additional federal medicaid match, provided the locally matched rate  
20 does not exceed the upper-bound of their federally allowable rate  
21 range, and provided that the enhanced funding is used only to provide  
22 medicaid state plan or waiver services to medicaid clients.  
23 Additionally, behavioral health organizations may use a portion of  
24 the state funds allocated in accordance with (f) of this subsection  
25 to earn additional medicaid match, but only to the extent that the  
26 application of such funds to medicaid services does not diminish the  
27 level of crisis and commitment, community inpatient, residential  
28 care, and outpatient services presently available to persons not  
29 eligible for medicaid.

30 (k) \$2,291,000 of the general fund—state appropriation for fiscal  
31 year 2019 is provided solely for mental health services for mentally  
32 ill offenders while confined in a county or city jail and for  
33 facilitating access to programs that offer mental health services  
34 upon release from confinement. The authority must collect information  
35 from the behavioral health organizations on their plan for using  
36 these funds, the numbers of individuals served, and the types of  
37 services provided and submit a report to the office of financial  
38 management and the appropriate fiscal committees of the legislature  
39 by December 1st of each year of the biennium.

1 (l) Within the amounts appropriated in this section, funding is  
2 provided for the authority to develop and phase in intensive mental  
3 health services for high needs youth consistent with the settlement  
4 agreement in *T.R. v. Dreyfus and Porter*.

5 (m) The authority must establish minimum and maximum funding  
6 levels for all reserves allowed under behavioral health organization  
7 contracts and insert contract language that clearly states the  
8 requirements and limitations. The authority must monitor and ensure  
9 that behavioral health organization reserves do not exceed maximum  
10 levels. The authority must monitor behavioral health organization  
11 revenue and expenditure reports and must require a behavioral health  
12 organization to submit a corrective action plan on how it will spend  
13 its excess reserves within a reasonable period of time, when its  
14 reported reserves exceed maximum levels established under the  
15 contract. The authority must review and approve such plans and  
16 monitor to ensure compliance. If the authority determines that a  
17 behavioral health organization has failed to provide an adequate  
18 excess reserve corrective action plan or is not complying with an  
19 approved plan, the authority must reduce payments to the behavioral  
20 health organization in accordance with remedial actions provisions  
21 included in the contract. These reductions in payments must continue  
22 until the authority determines that the behavioral health  
23 organization has come into substantial compliance with an approved  
24 excess reserve corrective action plan.

25 (n) \$3,079,000 of the general fund—state appropriation for fiscal  
26 year 2019 and \$2,892,000 of the general fund—federal appropriation  
27 are provided solely for the authority to increase rates for community  
28 hospitals that provide a minimum of two hundred medicaid psychiatric  
29 inpatient days. The authority must increase both medicaid and  
30 nonmedicaid psychiatric per-diem reimbursement rates for these  
31 providers within these amounts. The amounts in this subsection  
32 include funding for additional hold harmless payments resulting from  
33 the rate increase. The authority shall prioritize increases for  
34 hospitals not currently paid based on provider specific costs using a  
35 similar methodology used to set rates for existing inpatient  
36 facilities and the latest available cost report information. Rate  
37 increases for providers must be set so as not to exceed the amounts  
38 provided within this subsection. The rate increase related to  
39 nonmedicaid clients must be done to maintain the provider at the same  
40 percentage as currently required under WAC 182-550-4800.

1 (o) \$100,000 of the general fund—state appropriation for fiscal  
2 year 2019 is provided solely for the authority to collaborate with  
3 tribal governments and develop a plan for establishing an evaluation  
4 and treatment facility that will specialize in providing care  
5 specifically to the American Indian and Alaska Native population. The  
6 plan must include options for maximizing federal participation and  
7 ensure that utilization will be based on medical necessity and  
8 identify a specific geographic location where a tribal evaluation and  
9 treatment facility will be built.

10 (p) \$7,103,000 of the general fund—state appropriation for fiscal  
11 year 2019 and \$8,052,000 of the general fund—federal appropriation  
12 are provided solely for the authority to contract with community  
13 hospitals or freestanding evaluation and treatment centers to provide  
14 up to forty-eight long-term inpatient care beds as defined in RCW  
15 71.24.025. The authority must seek proposals and contract directly  
16 for these services rather than contracting through behavioral health  
17 organizations. The authority must not use any of the amounts provided  
18 under this subsection for contracts with facilities that are subject  
19 to federal funding restrictions that apply to institutions of mental  
20 diseases, unless they have received a waiver that allows for full  
21 federal participation in these facilities.

22 (q) \$1,133,000 of the general fund—state appropriation for fiscal  
23 year 2019 and \$1,297,000 of the general fund—federal appropriation  
24 are provided solely to increase the number of psychiatric residential  
25 treatment beds for individuals transitioning from psychiatric  
26 inpatient settings. The authority must seek proposals from behavioral  
27 health organizations for the use of these amounts and coordinate with  
28 the department of social and health services in awarding these funds.  
29 The authority must not allow for any of the amounts provided under  
30 this subsection to be used for services in facilities that are  
31 subject to federal funding restrictions that apply to institutions of  
32 mental diseases, unless they have received a waiver that allows for  
33 full federal participation in these facilities.

34 (r) \$6,744,000 of the general fund—state appropriation for fiscal  
35 year 2019 and \$14,516,000 of the general fund—federal appropriation

37 payments for behavioral health organizations. The authority must work  
38 with the actuaries responsible for certifying behavioral health  
39 capitation rates to adjust average salary assumptions in order to

1 implement this increase. In developing further updates for medicaid  
2 managed care rates for behavioral health services, the authority must  
3 require the contracted actuaries to: (i) Review and consider  
4 comparison of salaries paid by government agencies and hospitals that  
5 compete with community providers for behavioral health workers in  
6 developing salary assumptions; and (ii) review data to see whether a  
7 specific travel assumption for high congestion areas is warranted.  
8 The authority must include and make available all applicable  
9 documents and analysis to legislative staff from the fiscal  
10 committees throughout the process. The authority must require the  
11 actuaries to develop and submit rate ranges for each behavioral  
12 health organization prior to certification of specific rates.

13 (s) The number of beds allocated for use by behavioral health  
14 organizations at eastern state hospital shall be one hundred ninety

17 five hundred fifty-seven per day. In fiscal year 2019, the authority  
18 must reduce the number of beds allocated for use by behavioral health  
19 organizations at western state hospital by thirty beds to allow for  
20 the repurposing of a civil ward at western state hospital to provide  
21 forensic services. The contracted beds provided under (p) of this  
22 subsection shall be allocated to the behavioral health organizations  
23 in lieu of beds at the state hospitals and be incorporated in their  
24 allocation of state hospital patient days of care for the purposes of  
25 calculating reimbursements pursuant to RCW 71.24.310. It is the  
26 intent of the legislature to continue the policy of expanding  
27 community based alternatives for long term civil commitment services  
28 that allow for state hospital beds to be prioritized for forensic  
29 patients.

30 (t) \$11,405,000 of the general fund—state appropriation for  
31 fiscal year 2019 and \$8,840,000 of the general fund—federal

36 diverted or transitioned from the state hospitals including but not  
37 limited to: (i) Community hospital or free standing evaluation and  
38 treatment services providing short-term detention and commitment

7 three new recovery support services programs in the Great Rivers  
8 behavioral health organization, the greater Columbia behavioral  
9 health organization, and the north sound behavioral health  
10 organization. In contracting for community evaluation and treatment  
11 services, the authority may not use these resources in facilities  
12 that meet the criteria to be classified under federal law as  
13 institutions for mental diseases. If the authority is unable to come  
14 to a contract agreement with a designated behavioral health  
15 organization for any of the services identified above, it may  
16 consider contracting for that service in another region that has the  
17 need for such service.

19 year 2019 is provided solely for clubhouse programs. The authority

22 for support of new clubhouse programs. The authority must develop  
23 options and cost estimates for implementation of clubhouse programs

25 waiver and submit a report to the office of financial management and  
26 the appropriate committees of the legislature by December 1, 2018.

21 fiscal year 2019 and \$2,320,000 of the general fund—federal  
22 appropriation are provided solely for the development and operation

37 The authority must offer counties the option to administer their  
38 share of the distributions provided for under RCW 71.24.580(5)(a). If  
39 a county is not interested in administering the funds, the authority

1 shall contract with a behavioral health organization or  
2 administrative services organization to administer these funds  
3 consistent with the plans approved by local panels pursuant to RCW  
4 71.24.580(5)(b). The authority must provide a report to the office of  
5 financial management and the appropriate committees of the  
6 legislature which identifies the distribution of criminal justice  
7 treatment account funds by September 30, 2018.

8 (pp) \$23,090,000 of the general fund—state appropriation for  
9 fiscal year 2019 and \$46,222,000 of the general fund—federal  
10 appropriation are provided solely for the enhancement of community-  
11 based behavioral health services. This funding must be allocated to  
12 behavioral health organizations proportionate to their regional  
13 population. In order to receive these funds, each region must submit  
14 a plan to address the following issues: (i) Reduction in their use of  
15 long-term commitment beds through community alternatives; (ii)  
16 compliance with RCW 71.05.365 requirements for transition of state  
17 hospital patients into community settings within fourteen days of the  
18 determination that they no longer require active psychiatric  
19 treatment at an inpatient level of care; (iii) improvement of staff  
20 recruitment and retention in community behavioral health facilities;  
21 (iv) diversion of individuals with behavioral health issues from the

24 models. The plans are not limited to the amounts in this subsection  
25 and may factor in all resources available for behavioral health. The  
26 authority must identify metrics for tracking progress in each of the  
27 areas identified. The authority must collect information on the  
28 metrics and outcomes and submit a report summarizing the findings to  
29 the office of financial management and the appropriate committees of  
30 the legislature by June 30, 2020. Twenty percent of the general fund—  
31 state appropriation amounts for each behavioral health organization  
32 must be used to increase their nonmedicaid funding and the remainder  
33 must be used to increase medicaid rates up to but not exceeding the  
34 top of each behavioral health organizations medicaid rate range.

35 (qq) (~~(\$11,023,000)~~) \$24,819,000 of the general fund—state  
36 appropriation for fiscal year 2019 is provided solely to assist  
37 behavioral health organizations with the costs of providing services  
38 to medicaid clients receiving services in psychiatric facilities  
39 classified as institutions of mental diseases. The authority must

1 distribute these amounts proportionate to the number of bed days for  
2 medicaid clients in institutions for mental diseases that were  
3 excluded from behavioral health organization fiscal year 2019  
4 capitation rates because they exceeded the amounts allowed under  
5 federal regulations. The authority must also use these amounts to  
6 directly pay for costs that are ineligible for medicaid reimbursement  
7 in institutions of mental disease facilities for American Indian and  
8 Alaska Natives who opt to receive behavioral health services on a  
9 fee-for-service basis. The amounts used for these individuals must be  
10 reduced from the allocation of the behavioral health organization  
11 where the individual resides. If a behavioral health organization  
12 receives more funding through this subsection than is needed to pay  
13 for the cost of their medicaid clients in institutions for mental  
14 diseases, they must use the remainder of the amounts to provide other  
15 services not covered under the medicaid program. The authority must  
16 explore options for continuing to expand waivers which allow for  
17 federal matching funds to be used in these facilities. The authority  
18 must submit a report on the status of the waiver to the office of  
19 financial management and the appropriate committees of the  
20 legislature by December 1, 2018.

21 (rr) \$14,500,000 of the general fund—state appropriation for  
22 fiscal year 2019 is provided solely to ensure a smooth transition to  
23 integrated managed care for behavioral health regions and to maintain  
24 the existing level of regional behavioral health crisis and diversion  
25 programs, and other required behavioral health administrative service  
26 organization services. These amounts must be used to support the  
27 regions transitioning to become mid-adopters for full integration of  
28 physical and behavioral health care. These amounts must be  
29 distributed proportionate to the population of each regional area  
30 covered. The maximum amount allowed per region is \$3,175 per 1,000  
31 residents. These amounts must be used to provide a reserve for  
32 nonmedicaid services in the region and to stabilize the new crisis  
33 services system. The authority must require all behavioral health  
34 organizations transitioning to full integration to either spend down  
35 or return all reserves in accordance with contract requirements and  
36 federal and state law. Behavioral health organization reserves may  
37 not be used to pay for services to be provided beyond the end of a  
38 behavioral health organization's contract or for start-up costs in  
39 full integration regions. The authority must ensure that any  
40 increases in expenditures in behavioral health reserve spend-down

1 plans are required for the operation of services during the contract  
2 period and do not result in overpayment to providers.

3 (ss) \$806,000 of the general fund—federal appropriation is  
4 provided solely for the authority to develop a peer support program  
5 for individuals with substance use disorders. These amounts must be  
6 used for development of training and certification of peers  
7 specialists. The authority must submit a state plan amendment which  
8 provides for these services to be included in behavioral health  
9 capitation rates beginning in fiscal year 2020 and allows for federal  
10 matching funds to be leveraged for these services.

11 (tt) \$200,000 of the general fund—state appropriation for fiscal  
12 year 2019 is provided solely for the authority, in collaboration with  
13 the department of social and health services, to further develop  
14 efforts to shift funding and risk for most civil long-term inpatient  
15 commitments into fully integrated care contracts beginning in January  
16 2020. The funding and risk for patients at the state hospitals who  
17 have been committed pursuant to dismissal of felony charges after  
18 being determined incompetent to stand trial shall not be incorporated  
19 into integrated care contracts.

20 (i) By December 1, 2018, the authority, in coordination with the  
21 department of social and health services, must submit a report to the  
22 office of financial management and the appropriate committees of the  
23 legislature on the following: (A) Actuarial estimates on the impact  
24 to per member per month payments and estimated annual state and  
25 federal costs for medicaid managed care organizations with fully  
26 integrated contracts; (B) actuarial estimates on the estimated annual  
27 costs for administrative services organizations; (C) estimates of the  
28 per-diem cost at the state hospitals that will be charged to entities  
29 with responsibility for paying for long-term civil inpatient  
30 commitments once these are incorporated into fully integrated care  
31 contracts; and (D) estimates of the amount of funding that can be  
32 reduced from direct appropriations for the state hospitals to reflect  
33 the shift in financial responsibility.

34 (ii) The authority must also explore and report on options for  
35 fully leveraging the state's share of federal medicaid  
36 disproportionate share funding allowed for institutions of mental  
37 diseases, including but not limited to: (A) Prioritizing the use of  
38 this funding for forensic patients and those civilly committed  
39 pursuant to dismissal of a felony charge; (B) obtaining an

1 institution for mental diseases—disproportionate share hospital  
2 waiver to allow for regular medicaid federal financial participation  
3 to be used at the state hospitals; and (C) shifting some of the  
4 state's current disproportionate share funding used at the state  
5 hospitals to community-based institutions for mental diseases to  
6 reduce the state cost of patients for whom regular federal medicaid  
7 match is not allowed.

8 (uu) \$2,732,000 of the general fund—state appropriation for  
9 fiscal year 2019 and \$9,026,000 of the general fund—federal  
10 appropriation are provided solely for the authority to implement  
11 strategies to improve access to prevention and treatment of opioid  
12 use disorders. The authority may use these funds for the following  
13 activities: (i) Expansion of hub and spoke treatment networks; (ii)  
14 expansion of pregnant and parenting case management programs; (iii)  
15 grants to tribes to prevent opioid use and expand treatment for  
16 opioid use disorders; (iv) development and implementation of a tool  
17 to track medication assisted treatment provider capacity; (v) support  
18 of drug take-back programs which allow individuals to return unused  
19 opioids and other drugs for safe disposal; (vi) purchase and  
20 distribution of opioid reversal medication; and (vii) maintaining  
21 support for youth prevention services. The authority must coordinate  
22 these activities with the department of health to avoid duplication  
23 of effort and must work to identify additional federal resources that  
24 can be used to maintain and expand these efforts. The authority must  
25 submit a report to the office of financial management and the  
26 appropriate committees of the legislature on the status of these  
27 efforts by December 1, 2018. The report must include identification  
28 of any increase in behavioral health federal block grants or other  
29 federal funding awards received by the authority and the plan for the  
30 use of these funds.

31 (vv) \$150,000 of the general fund—state appropriation for fiscal  
32 year 2019 is provided solely for the authority to contract with  
33 actuaries to develop estimates for the cost of implementing new  
34 behavioral health service types in the medicaid state plan. The  
35 authority must coordinate with behavioral health organizations to  
36 identify: (i) Eligible behavioral health service types that are  
37 currently provided to medicaid enrollees without federal funding and  
38 are dependent on state, local, or other funds; and (ii) eligible  
39 behavioral health service types that are not currently available to

1    medicaid enrollees due to the lack of federal funding. The authority  
2    must contract with the actuaries responsible for certifying state  
3    behavioral health capitation rates to develop estimates for the cost  
4    of implementing each of these services. The estimates must identify  
5    the cost of implementing each service statewide, the estimated state  
6    and federal medicaid cost, and any estimated offset in state non-  
7    medicaid spending. The authority must submit a report to the office  
8    of financial management and the appropriate committees of the

14    practice institute which supports the identification, evaluation, and  
15    implementation of evidence-based or promising practices. The  
16    institute must work with the authority to develop a plan to seek  
17    private, federal, or other grant funding in order to reduce the need  
18    for state general funds. The authority must collect information from  
19    the institute on the use of these funds and submit a report to the  
20    office of financial management and the appropriate fiscal committees  
21    of the legislature by December 1st of each year of the biennium.

22       (xx) No more than \$13,098,000 of the general fund—federal

26    this initiative, the ~~((department and the health care))~~ authority and

26 with the highest volume of container traffic in domestic and foreign  
27 waterborne trade, as measured by the United States bureau of  
28 transportation statistics for the most recent year such statistics  
29 were available, as of January 1, 2017. The local air pollution  
30 control authority may financially contribute to the completion of  
31 this study, and the department is encouraged to consult with the

21 stability, impact on the public and fisheries and hunting  
22 opportunities, and on timeliness and ability to achieve intended  
23 outcomes.

24 (b) In consultation with the office of financial management, the  
25 department must consult with an outside management consultant to  
26 evaluate and implement efficiencies to the agency's operations and

31 including work done at the central, program, and region levels, with  
32 specific focus on efficiencies to be gained by centralized budget  
33 control;

35 management structures, specifically addressing accountability.

36 (c) In carrying out these planning requirements, the department  
37 must provide quarterly updates to the commission, office of financial  
38 management, and appropriate legislative committees. The department

19 funding and staff required to accomplish the goals of the program if  
20 different than the actual maintenance level;

21 (v) An analysis of the major costs and benefits of operating each  
22 program and the rationale for specific expenditure and staffing  
23 levels;

24 (vi) An analysis estimating each program's administrative and  
25 other overhead costs;

26 (vii) An analysis of the levels of services provided; and

35 enforcement of vessel traffic near orca whales, especially commercial  
36 and recreational whale watchers and shipping, and to reduce

39 protection when the animals are present, nothing prohibits responses

1 to emergent public safety or in-progress poaching incidents. In the

12 (a) Identify, within hatchery standards and endangered species act  
13 constraints, hatchery programs and specific facilities to contribute  
14 to the dietary needs of orca whales; (b) consider prey species  
15 preferences and migratory patterns of orca whales; and (c) include  
16 adaptive management provisions to ensure the conservation and  
17 enhancement of wild stocks. The final plan will be reviewed by the

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The salary allocations established in this section are for allocation purposes only except as provided in this subsection, and do not entitle an individual staff position to a particular paid salary except as provided in RCW 28A.400.200, as amended by House Bill No. 2242 (fully funding the program of basic education).

39 individual district units.

(7) \$31,087,000 of the general fund—state appropriation for fiscal year 2018, (~~(\$35,952,000)~~) \$40,571,000 of the general fund—state appropriation for fiscal year 2019, and (~~(\$29,574,000)~~) \$36,188,000 of the general fund—federal appropriation are provided solely for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (4) of this section. (9) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(10) A school district may carry over from one year to the next year up to 10 percent of the general fund—state funds allocated under

1 this program; however, carryover funds shall be expended in the
